**Artistart program seeks students**  
 Artistart, a cultural enrichment program for preschool children from three to five years old, is looking for students. Those interested in enrolling their students can contact Nancy Douste, 27600 Farmington Rd. Artistart's philosophy is that of setting the stage for the child to discover for himself many means of expression through arts and crafts, media, music and the world of make-believe, according to Miss Douste. Farmington Artistart coordinator.  
 "Artistart children are never programmed to think that any project or activity can be done only one way. Each child's individual expression is of prime importance," she says.
