NATIONAL DAIRY SHOW
Owners of Dairy Herds Will Migrate to Milwaukee Next Month.
The greater part of the attendance of the National Dairy Show, to be held in Milwaukee, October 24 to 29, will come from the central west, but progressive dairymen from every state in the union, have assured President Colonel C. Little, Coopersville, Mich., that they will be present. Arrangements are being made to accommodate about 20,000 representatives and delegates. The dairy show will be a mammoth exposition of everything allied with the dairy interests, and there will be a model working dairy in operation and a working herd, in charge of government officials and experts of national reputation, and over six hundred head of show cattle.
Michigan, Ohio, Indiana and Illinois will lead in the number of dairymen that attend the show, which will include an exhibition of machinery covering a floor space of 50,000 square feet.
Among those invited to address the meeting is Gov. F. M. Warner of this place.
President Little is arranging the details for the monster dairy farmers' banquet and it is expected that 2,000 dairy farmers will attend this function.
Strong Liquor Law.
The new liquor law is constantly exciting up strong features of this new law, and among the search and seizure law, which went into effect in this state in counties under local option law September 2, priests and preachers, as by fermented wines in administering the sacrament will be liable to prosecution for violation of the local option law, for which a heavy penalty is provided.
The new law is one of the most stringent liquor acts in this country. The liquor law which the new statute has superseded, provided for the selling of liquors for sacramental purposes by druggists, but the new law has no provision for such sales.
Under the new statute a druggist may sell liquor for medicinal purposes on written, not type-written, prescription of a physician.
Miss Della Kuhn of Detroit is visiting relatives here.
Work on L. W. Spive's new house is progressing rapidly.
