Taft's Trip Begun

PRESIDENT STARTS ON 13,000 MILE TOUR THROUGH WEST AND SOUTH.

LEAVES ON HIS BIRTHDAY

Chicago to Be First Stop on Journey That Will Take Him as Far as Seattle and to the Mexican Border Where He Will Meet Diaz.

Beverly, Mass., Sept. 15.—President William H. Taft today stepped into a motor car, waved a cheerful goodbye, and started for Boston, where this evening he boards a private car and begins a tour of the west and south that will be the most remarkable trip ever taken by a president of the United States. The route of about 13,000 miles has been carefully mapped out, and every arrangement is perfected. The fact that today is Mr. Taft's fifty-second birthday anniversary was taken as a happy augury for the success of the long journey.

Besides the president, the party includes Capt. Archibald Butt, military aide; Wendell W. Mischler, assistant secretary; Dr. J. J. Richardson of Washington, D. C.; James Sloan, Jr., and L. C. Wheeler of the secret service, and Maj. Arthur Brooks, the president's confidential messenger. Six newspaper men will accompany the president throughout the entire trip, and before noon tomorrow, the president will arrive in Chicago and be the guest of the Commercial club at luncheon. Next, the Hamilton club takes him to the White House and escort him to a dinner of 150 members, to witness a game between Chicago and New York. After that will come a dinner at the Congress hotel, and then a reception in Urichow hall, where Mr. Taft will make a speech. To wind up the day, the president will put in his appearance at a reception and ball given by the Chicago branch of the Auditorium.

In Wisconsin and Minnesota. Leaving Chicago at 3 p. m. Friday morning, the presidential party will stop at Milwaukee, Madison and Portage, and will spend the night at Wausau, Minn., and will reach Minneapolis early on the morning of Saturday, September 16. He will spend all Saturday and Sunday in Minneapolis and St. Paul, leaving Sunday night at eight o'clock in order to reach Des Moines on the morning of September 20.

Five hours will be spent in the Iowa capital, where Mr. Taft will review 5,000 troops of the regular army and make a speech, and then the president moves on to Omaha, where he will spend the late afternoon and evening. Denver will be reached the afternoon of September 21, and the president will go almost direct from his train to the state capitol for a reception to be tendered by state officials, by the chamber of commerce and the organizations. At 3 p. m. the president will make an address in the Denver Auditorium, where Mr. Bryan last year was nominated for the presidency.

The president and his party will breakfast with Thomas F. Walsh, at Wolcott, near Denver, the morning of Wednesday, September 22, and then return to the city for the chamber of commerce banquet at noon. Leaving Denver at 6 p. m., September 22, the president and his party will stop for an hour's visit at Colorado Springs, and then go on to Pueblo, where in the evenings they will be guests at the state fair.

In Wonder Region of Colorado. The morning of September 23 will find the president at Glenwood Springs for a brief visit, and that afternoon he will visit Montrose, where he will formally open the Grand Canyon river tunnel built by the government for the irrigation of the Uncompaghe valley.

Returning to Grand Junction to resume the journey westward, the president will arrive at Salt Lake City, Utah, Friday afternoon, September 24, to remain there until Sunday afternoon, the twenty-sixth, when the party leaves over the Oregon Short Line for Pocatello, Idaho. Pocatello, the latter city being reached Monday, September 27, at 6:40 a. m. John Hayes Hammond joins the party at Salt Lake City.

After spending half a day in Butte, he will make a brief excursion into Helena, Spokane, Wash., which will be reached early Thursday morning, the

twenty-eighth, and the entire day will be spent in that city.

Two Days at Seattle Exposition. President Taft will spend two days—September 30 and October 1—viewing the Alaska-Yukon-Pacific exposition, leaving Seattle late in the evening of the second day, and arriving at Portland, Ore., October 2 at 7 a. m.

Two days will be spent in Portland, the party leaving there at 4 p. m. Sunday, October 3, for a trip down the famous Shasta route through the Sierran mountains and in view of Mount Shasta, to San Francisco.

The president will stop the evening of October 4 at Sacramento, reaching Oakland, Cal., early on the morning of October 5. He will spend four or five hours in and around Oakland and Berkeley before taking the ferry at 12:30 o'clock for San Francisco.

After spending the afternoon and evening of the fifth in San Francisco, the president will leave early the morning of the sixth for the Yosemite valley.

He will spend the seventh, eighth and ninth in the valley, and, coming out, he morning of Sunday, October 10, will proceed to Los Angeles, stopping for three hours at Fresno Sunday afternoon.

The president will spend Monday and Tuesday, October 11 and 12, in Los Angeles visiting his sister.

Will Meet President Diaz. He will arrive at the Grand Canyon the morning of October 14 and will leave again that night for Albuquerque, N. M., where he will spend the evening of the fifteenth, reaching El Paso early the following morning for the meeting with President Diaz of Mexico.

President Diaz will arrive from Mexico City at Ciudad Juarez about the same time and he will then cross the frontier and meet President Diaz at El Paso. About four hours later the president of the United States will return the visit to President Diaz at Ciudad Juarez on the Mexican side. The nature of the latter city have appropriated square for decorations and a ball field.

The president will reach San Antonio Sunday night, October 17, and will spend the forenoon of the following day in an inspection of Fort Sam Houston, with the understanding of which he had much to do while secretary of war.

Arriving at Corpus Christi the evening of October 18, the president will go at once to his brother's ranch, where he will spend Tuesday, Wednesday, Thursday and Friday. Charles F. Taft has had golf built on the ranch.

Trip Down Mississippi River. Visiting Houston the forenoon of Saturday, October 23, the president will proceed direct to Dallas that afternoon to spend Saturday evening and all Sunday.

From Dallas the president will proceed direct to St. Louis to begin his four-day trip down that historic waterway.

He will reach St. Louis at 7:27 a. m. the morning of Monday, October 26, and will leave at 4 p. m. on the steamer assigned to him by the Deep Waterways association, which is to hold its convention in New Orleans on the president's arrival there.

Following the president's boat will be a spectacular flotilla of river craft. One of the trailing boats will be assigned to make the trip down the river and to attend the convention. Another boat will be assigned to the congressional delegation of more than 100 members. Yet another boat will carry members of the Illinois Manufacturers' association.

First Stop of Voyages at Cairo. The first long stop of the river trip will be at Cairo at 8:30 a. m. Tuesday, October 28. The second stop will be at Hickman, Ky., at 2:30 p. m., the president making brief addresses at both places.

Arriving at Memphis, Tenn., at 8 a. m. Wednesday, October 29, the president will make an address at 9 o'clock and that afternoon at 5 o'clock will speak at Helena, Ark. On Thursday, October 30, at 2:30 p. m. Mr. Taft will make a speech at Vicksburg. New Orleans will be reached about four o'clock Friday afternoon. The river journey also will include short stops at Cape Girardeau, Mo., and Natchez, Miss. The president will remain in New Orleans from Friday afternoon, the twenty-ninth, to Monday morning, the 31st. He will address the Waterways convention on October 30 at 2:30 p. m.

From New Orleans the president will go to Jackson and Columbus, Miss.; Birmingham, Ala.; Macon, Savannah, Charleston, Augusta, Wilmington, and Richmond, reaching Washington November 10.

The Porpoise—I hear that the sporty old lobster went all to pieces in his last days.

The Tortoise—Well, I should say he did go to pieces; and small piece. He ended up in a lobster salad.

LOW COLONIST FARES TO THE WEST AND NORTHWEST.

Union Pacific Passenger Department announces that Colonist Fares will be in effect from Sept. 15 to Oct. 15, 1909, to all points in the West and Northwest.

This year the West looks more promising than ever. Now is the time to secure land at low prices, and, at the same time, to visit the many interesting points in the West and Northwest, at which liberal stopover arrangements may be made.

A better estimate of far lands can be made now than formerly, because these lands are in proximity to new farms that are producing wonderful crops.

For descriptive literature, write to E. L. Lennar, G. P. A., U. P. R. R., Omaha, Neb.

Troubles of People on Venus. Inhabitants of Venus, if there are any, must feel extremely difficult to establish units of time. Venus always turns the same face toward the earth, so the planet has no day, and the lack of a moon deprives it of a month.

Finally, it has no year, for its axis of rotation is perpendicular to the plane of its orbit, and the latter is almost circular.

True Thrift. When visiting a certain town in the Midlands, says a medical man, "I was told of an extraordinary incident wherein the main figure, an economical housewife, exhibited under trying circumstances, a trait quite characteristic of her. It seems that she had by mistake taken a quantity of poison—mercurial poison—the antidote for which, as all should know, comprises the whites of eggs. When this antidote was being administered, the order for which the unfortunate lady had overheard she managed to murmur, although almost unconscious: 'Mary! Mary! Save the yolks for the puddings.'"

The Doctors' Orders. A lady whose husband seemed to be doing little but lie in the hammock and eat apples was asked by a sympathetic neighbor what the trouble with him was. "Doors," she replied, sadly. "No, he hasn't come into a fortune." A writer in To-Day's Magazine tells the story.

"You see," explained the wife, "he's been having some sort of matter with his stomach, and he consulted two different doctors about it. One told him to eat a ripe apple every hour, and the other said to rest an hour after eating. So he's trying to do both."

When a man has enough money laid aside to keep him on Easy street, he will proceed to Dallas that afternoon to spend Saturday evening and all Sunday.

From Dallas the president will proceed direct to St. Louis to begin his four-day trip down that historic waterway.

He will reach St. Louis at 7:27 a. m. the morning of Monday, October 26, and will leave at 4 p. m. on the steamer assigned to him by the Deep Waterways association, which is to hold its convention in New Orleans on the president's arrival there.

Following the president's boat will be a spectacular flotilla of river craft. One of the trailing boats will be assigned to make the trip down the river and to attend the convention. Another boat will be assigned to the congressional delegation of more than 100 members. Yet another boat will carry members of the Illinois Manufacturers' association.

First Stop of Voyages at Cairo. The first long stop of the river trip will be at Cairo at 8:30 a. m. Tuesday, October 28. The second stop will be at Hickman, Ky., at 2:30 p. m., the president making brief addresses at both places.

Arriving at Memphis, Tenn., at 8 a. m. Wednesday, October 29, the president will make an address at 9 o'clock and that afternoon at 5 o'clock will speak at Helena, Ark. On Thursday, October 30, at 2:30 p. m. Mr. Taft will make a speech at Vicksburg. New Orleans will be reached about four o'clock Friday afternoon. The river journey also will include short stops at Cape Girardeau, Mo., and Natchez, Miss. The president will remain in New Orleans from Friday afternoon, the twenty-ninth, to Monday morning, the 31st. He will address the Waterways convention on October 30 at 2:30 p. m.

From New Orleans the president will go to Jackson and Columbus, Miss.; Birmingham, Ala.; Macon, Savannah, Charleston, Augusta, Wilmington, and Richmond, reaching Washington November 10.

After spending half a day in Butte, he will make a brief excursion into Helena, Spokane, Wash., which will be reached early Thursday morning, the

twenty-eighth, and the entire day will be spent in that city.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless. Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food. Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.
