The service branch of the Farmington Artists Club the Farmington Artists Club the Farmington Artists Club the Farmington Art Foundation would like to see their art appreciation program explained from two to all elementars schools in the distract. We would like to hast the program in each school Thy was would have more variety, and Mice Nichols a Foundation trustee. Mrs. Nichols said that she and others from the group are valing to like to each PIPA or PPO about the program. Essential to each program is a performed and the will introduce class to each such a subject of the program of cach print. The portfolios are purplessed by the individual PIPAs for a pure usually used in 50 flue are their shired roading from the other hand the shired roading from the other hands the shired roading from the other hands for the shired roading from the other hands to the shired roading from the other hands for the shired roading from the program of the progr

The portfolios the Foundation now has are seascapes, portrads, animals, sports, circuses, windows, games and recreation. flags, buildings and streets, drawings, and sketches and stills.

As their part of the bargain, the Foundation provides a resource per-son for each school. This person's job-is to coordinate scheduling and pro-vide information to the perture ladies. The Foundation trains each picture lady and stores the pints and por-tlotion at the end of each school year.

titution at the end of each school year. "Resource people are not pertur-ladies, Picture ladies are volunteers from that school. The reason for this six that art. Foundation members are semi-professional and professional artists who might tend to get away from the art history standpoint if they were taking in from of a class. Wohers would have a good relationship to the school, and we feel that's an advantage." Mrs. Nichols said.

Six months into the program at Lungacre, mothers indicated they had learned a great deal themselves and became more interested in art, she said

PICTUR LADIES ARE used to be enhanced in the control of the contro what would they (firminate) Dose the pointing inspire a certain type of bac-ground music) Perhaps it tells a story or pronounces a word. Mrs. Nichols, who lives at 3000 Maplenut, said she would welcome questions about the program.

Admiring the new library in the City of Farmington are (from left) Library Director Gordon Lewis and fibrary architect Stewart McCallium. The library is scheduled to open in November. (Staff
