

This acrylic by Edee Joppich is one of several dozen in the main gallery of the new Farmington gallery. (Staff photo)

Jackman appointed vice president

John Jackman of Farmington Hills was recently named vice president of marketing at the Advance Mortgage Corp.

Jackman was managing director of the corporation's Spanish subsidiary, Finanzas Internacional, S.A.

Real estate seminar is sponsored

A free seminar on career opportunities in real estate will be held on Wednesday, Nov. 19, at 7:30 p.m. at 2380 Farmington Rd. Licensing procedures, available training, and potential earnings will be discussed. A question and answer period will follow. The seminar is sponsored by Real Estate One Phone manager Robert Holden for further information.

ROOTS

Naturally shaped toes.

Quality craftsmanship.

Comfortable arch support.

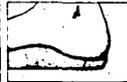

Rocker Sole.

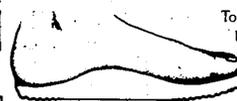

Built-in heel support.

Gently recessed heel.

Anatomy of a Root

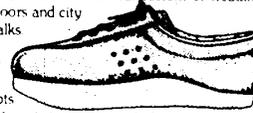

To see the idea behind Roots, take a side view look at the shoe.

Notice the gentle recess at the back. Your heel is the lowest part of your foot, so in Roots, it sits in the lowest part of your shoe. You stand straighter as muscles in the back of your legs and the small of your back spring to life to help hold you up and move you around.

All told, Roots bring a good, natural feeling to man's somewhat un-natural custom of treading hard floors and city sidewalks.

The way we feel about making Roots has a lot to do with the way you'll feel wearing them.
