that include many action photographs. A large number of sports magazines, from publications of general interest to "bibles" of various activities, can be ordered, many at special holiday subscription rates.

For the true fan, what would make a better gift than tickets to an athletic event?

The Detroit Red Wings and Pistons are in the early stages of their seasons and tickets are available for up-coming contests through the regular season at the end of March.

The Detroit Tigers have, for many years, offered gift certificates for the next season.

The Tigers' 1976 schedule was announced recently and gift certificates for those games will be available at the end of November for \$3.50 or \$4.50, either at Tiger Stadium or by mail. Tiger season

tickets will go on sale about Dec. 1.

For the first time ever, the Detroit Lions will offer a gift certificate plan, according to business manager Lyall Smith.

Available in \$20 denominations, the certificates could be used to buy two tickets to a Lions' game or to help pay for season tickets.

Smith noted that the Lions' home schedule will be increased to 10 games next year with three pre-season contests and seven regular season dates.

He said that Detroit will host the Buffalo Bills and the Miami Dolphins in two of the home pre-season games at Pontiac Stadium.

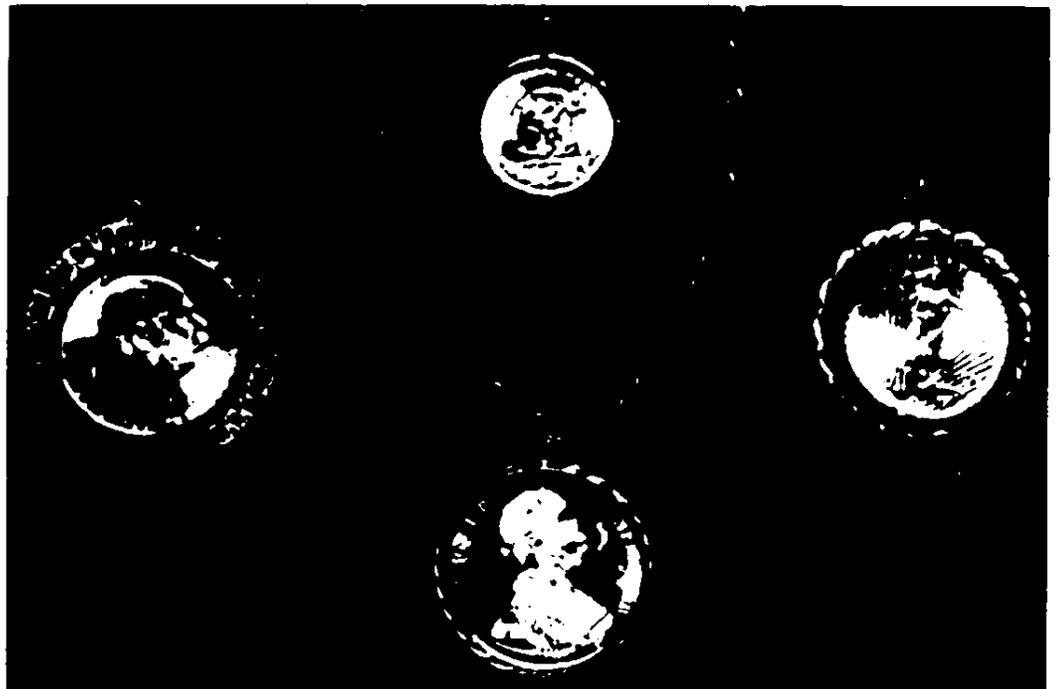

Information on ticket orders is available from the Lions' box office, 1401 Michigan Avenue, Detroit, Michigan 48216.
