THREATENED WITH PARALYSIS**

Peter E. Summers relates his experience:  
"I was troubled with Nervous Debility  
for many years. I felt it to be nervous  
and excessive in youth. I became very  
derelict and did not care whether I  
worked or not. I imagined everything  
that looked at me glanced my secret  
imaginary dreams at night, weakened  
my head, hands and feet were  
cold, tired in the morning, poor appetite,  
I lost interest in my work, my hair  
fell out, memory poor, etc. Numbers in  
the fingers set in and the doctor told me  
he found parasites. I took all kinds of  
medicines and tried many first-class  
physicians, who an electric belt for three  
months, but received little benefit.  
Before treatment was induced to recall Mr. Kennedy &  
Kennedy, though I had lost all faith in  
doctors. Like a drowning man I commenced the New Method Treatment and I  
saved my life. The improvement was like magic—I could feel the vigor going through  
the nerves. I was cured mentally and physically. I have sent them many patients  
and continue to do so."
