**Stolen Girl**
by Marsha Forchuk Skrypuch

Nadia is having flashbacks. She is getting flashes of her past in nightmares and memories. But they don't add up. Sometimes she is on the run, and sometimes she is in a fancy farm house with a family she does not remember. A really good book based in World War II. There are two other books by this author related to this one.

Silly dance to “Baby Shark” on Kids Mode, or try out the new All-Stars Mode to dance to hits from previous Just Dance games.
