

REVIEWS

Here are this month's featured books and media, chosen by our Teen Advisory Board.

PEER REVIEW:

It by Stephen King is a good book because it's very descriptive and correlates very well with the two movies that have come out. It is very good and you should read it. It is a horror book and very descriptive, so if you don't like horror, then...

NEW BOOK:

In a world not quite our own, demons will trade wishes for body parts: your heart for the money you need to survive.

But if you don't have a heart, what do you follow? If you don't have a heart, can you fall in love?

If you don't have a heart... how do you know what's the right thing to do?

FEATURED GAME:

Take on the role of skilled hunter Aloy as you explore a lush world inhabited by mysterious mechanized creatures in an exhilarating new Action/RPG exclusively for the PlayStation 4 System.
