**\$14.95** PAIR

Since Wolmanized lumber is pressure treated with preservatives forced deep into the cell structure, it is built to take the rugged farm life. It's a tough outdoor wood you can use on fences, posts, poles, and barns, or any other outdoor structure. It will outlast ordinary wood, it won't rot, and termites can't destroy it.

Wolmanized lumber is the outdoor wood for your farm. Call for price quotations.
