THE BEGINNING & THE END

An adult community in Southfield called The Arbors is changing most of the ideas people have held about condominiums. In fact, the first phase has been sold out. But that isn't the end. We are now beginning sales for the final phase.

Why is The Arbors such a success story? We have been told it's the gently rolling ravines, lush clusters of trees, and the softly rippling brook that surround the community. But then again, others have said it's the spacious rooms, large windows, and elegant design. And again, some say it's the other amenities. Like the 1,000 square foot swimming pool, the saunas, the exercise room, and the heated, underground parking.

Whatever the reasons . . . The Arbors has already attracted a unique group of residents. The Arbors are condominiums for people who want the ultimate in luxurious and comfortable living. See for yourself.
