

# Try Some New Jam Recipes

BY ELLY

Berry days are here again, and the queen of the berries -- the plump rosy strawberry -- is at her prime. That's a "go-ahead" signal for homemakers to think about new and unusual jams using strawberries. In this rich-tasting jam, they're combined with blueberries.

**STRAWBERRY AND BLUEBERRY JAM**

4 c. prepared fruit (about 1 pint fully ripe blueberries or huckleberries, and 1 quart fully ripe strawberries)

7 c. (3 lb.) sugar

1 bottle (6 oz.) liquid fruit pectin

First prepare the fruit thoroughly crush, one layer at a time, about one pint blueberries or huckleberries and one quart strawberries. Combine fruits and measure four cups into a large saucepan.

Thoroughly mix sugar into fruit in saucepan. Place over high heat, bring to a full rolling boil, and boil hard one minute, stirring constantly. Remove from heat and at once stir in pectin. Skim off foam with a metal spoon. Then stir and skim for five minutes to cool slightly and prevent floating fruit. Ladle quickly into glass jars. Cover at once with one-eighth-inch hot paraffin. Makes about 10 medium glasses.

HAVE YOU ever made your own wine jellies? Those little jars of wine jellies that are available at gourmet shops could have been prepared in your own kitchen.

Use domestic wines and make up different kinds to serve as an accompaniment to meats and fish. Serve sherry with any meat or fish or chicken; claret or sauternes with lamb or veal; dry sauternes or chablis with fish, lobster or creamed fish; claret with steak or beef.

**WINE JELLY**

3 c. sugar

2 c. wine

1/2 bottle fruit pectin

Measure sugar and wine into top of double boiler. Place over rapidly boiling water and heat two minutes, stirring constantly. Remove from water and add pectin, stirring until well mixed. Pour quickly into sterilized glasses. Top with melted paraffin. This amount will yield about six glasses.

ANOTHER gourmet touch is the addition of pickled grapes or cherries as a garnish for salads or meats.

Select bunches of grapes of the same size and ripeness. Any type of grape may be used, but they should not be over-ripe. Leave grapes or cherries on stems, wash and drain.

**WHOLE PICKLED GRAPES (OR CHERRIES)**

Grapes or cherries

white vinegar

sugar

Pack fruit closely in clean glass jars. Do not over-crowd in packing. Make a syrup using 1 1/2 cups sugar to each cup of white vinegar. Boil five minutes. Fill jars with boiling syrup and seal at once.

**RHUBARB CONSERVE**

6 c. finely diced rhubarb

6 c. sugar

1 c. drained crushed pineapple

3/4 c. orange juice

1 T. grated orange rind

1 T. grated lemon rind

1/4 c. lemon juice

1 c. coarsely broken nut meats

Combine all ingredients except nutmeats in a heavy kettle. Bring to a boil, stirring until sugar is dissolved.

Boil rapidly, stirring frequently, until thickened. Add nut meats five minutes before removing from heat. Pour immediately into hot sterilized jars and seal at once. Make about eight six-ounce glasses.

**STRAWBERRY SUN PRESERVES**

To each pound of large choice berries allow one pound of sugar, one teaspoon lemon juice and one quarter cup of strawberry juice. Prepare strawberry juice by crushing smaller imperfect berries and cooking them for three minutes, stirring constantly; strain.

Combine sugar and strawberry juice; heat slowly stirring constantly until sugar is dissolved. Add berries and simmer four to five minutes.

Remove berries from the syrup; place one inch apart on shallow enamel pans. Boil the syrup until very thick, about 10 minutes. Add lemon juice and pour over the berries in a thin layer. Cover the pans with glass, allowing one quarter inch between the tops of the pans and the glass. Set out in the sun for two to three days in succession, taking the pans indoors at night. Turn the berries over once each day.

When the syrup has jellied, pack the fruit and syrup into hot sterilized jars without reheating.

Use this method only when there is a prospect of several days of hot sunshine.
