Now your monthly payment can be lower, even if the cost of your new car is higher.

Most new cars cost more this year than last year.

Then how can your monthly payments on your auto loan be less than they used to be?

Because, now you can take advantage of an extended time period to repay your auto loan at Detroit Bank & Trust.

Your DETROIT BANK-er will be glad to finance your new car for a longer period of time than previously offered.

And the longer you take to repay it, the lower your monthly

payments become.

We want your auto loan payments to fit into your monthly budget. The total loan will cost you slightly more, but you should find it easier to handle the payments.

When it comes time for your next auto loan, talk to any DETROIT BANK-er about our lower auto loan payments. Take a little longer to repay your auto loan and make it a little easier on your budget.

OSHA act amended

A bill amending the Michigan Occupational Safety and Health Act to create a safety and education training fund to be administered by the Department of Labor has been signed into law by Gov. William Milliken.

Now, a levy of one per cent of the annual losses paid by employers under the Workers' Compensation Act will be paid into the state general fund and allocated by the legislature to pay for such programs.

The levy has so far generated more revenue than was actually appropriated to run these programs. Under the new law, the levy, after Jan. 1, 1979, may not exceed the actual appropriation.
