(F) 5C

Joanne Shelle of Troy and Marie LaPrise of Royal Oak defeated the spade contract three tricks for a fine score at the Great Lakes Regional held in Midland earlier this month.

They were third overall in the two session Women's Pair event. The South player in the hand in the diagram, made a normal take-out of double of East's third hand opening bid. Her bid of two spades, when her partner had bid diamonds, was a poor choice. A bid of a new suit by the doubler shows a five card suit and a much better hand.

The majority of the North-South pairs were playing a two diamond contract and were making this contract with overtricks.

The club jack won the first trick, declarer ruffed the club continuation and cashed the ace of hearts and ruffed a heart in dummy. The diamond king lost to the ace and Joanne led another club. Declarer discarded a heart. Marie played the ace and another trump. Declarer tried to run the diamonds, but East ruffed and played clubs. Declarer took only one more trick, the spade queen.

Recent winners:
Community House, June 6 (morning game) NS (1) Joan Bauman, Phyllis Nipper (2) Gertrude Erickson, Kay Holmes; E-W (1) Charlotte Brown, Loretta Rice (2) Rita Gant, Lois Robertson (Novice) (1) Sue Gregorius, Pat Miller (2) Virginia Cole, Virginia Rock.

CITY OF FARMINGTON COUNCIL PROCEEDINGS (Summary)

A Regular meeting of the Farmington City Council was held Monday, June 6, 1977, in the Council Chambers, 23600 Liberty Street, Farmington. Notice of the meeting was posted in compliance with Public Act 287-1978.

The meeting was called to order at 8:00 P.M. by Mayor Pro-Tem Richard L. Tupper.

ROLL CALL:

Councilmen Bennett, Tupper, Yoder, present.

Councilman Hartsock, absent.

Mayor Richardson arrived at 8:30 P.M.

City Manager Deadman, Director Byrnes, Director Jones, Attorney Kelly and City Clerk Vance were present.

Minutes of previous meetings of May 11 and May 18, 1977 were approved.

Minutes of other boards were received and filed.

Participation was granted to Lucy's Oldies But Goodies, 3333 Grand River, to hold an Antiques and Collectors Show at the Masonic Temple June 18-19, 1977.

Discussion of HB 428 was tabled.

Council agreed to support the time schedule proposed by the federal and state governments for conversion of road signs to metric system.

No action was taken to vacate the alley running north and south from Adams Street to Shawness.

No change will be made in the method of trash pickup for residents on Oakland and Macomber Streets.

Council instructed City Manager to proceed with a cost study for construction of parking facilities on the north side of Grand River showing a projection of costs per property owners to be included in a special assessment district.

Council authorized hiring up to six new employees for the implementation of the Central Business District, to be funded through Oakland County CETA funds and also authorized the City Manager to receive bids for the landscaping materials, to be funded through Community Development 1976-77 funds; total project cost not to exceed \$88,728.00.

Payment to McCarthy Contracting Company for first estimate Maple Street Paving in the amount of \$97,800.00 authorized.

City Manager authorized to sign Michigan Department of State Highway Maintenance Contract for Grand River covering period from July 1, 1977 through June 30, 1978.

Farmington Historical Commission Annual Report received.

Department of Public Services Quarterly Report received.

City Manager Deadman advised Council of proposed goals of the newly formed Commission on Aging.

Monthly bills were approved for payment.

Meeting was adjourned at 11:00 P.M.

JOHN H. RICHARDSON, MAYOR
NEDRA VANCE, CITY CLERK

"See how homes winning Detroit Edison EEE Awards are built to save on energy costs from top to bottom."

Detroit Edison is a concerned participant in America's crusade for conservation. The wise use of energy is a national goal, but it requires a working relationship between those who supply energy and those who use it. To demonstrate publicly the desire to take a leadership role in this crusade, Detroit Edison has established the Energy Efficiency Excellence (EEE) Award to encourage the building of more energy-efficient homes.

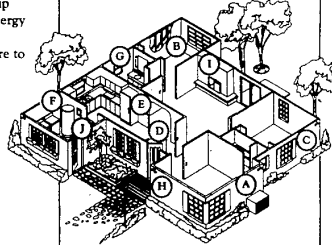

EEE Award homes are designed with conservation in mind.

Detroit Edison presents the Energy Efficiency Excellence (EEE) Award to builders whose homes meet maximum standards in insulation, lighting, wiring, appliances and are comfort-conditioned with an energy-efficient electric heat pump.

From attic to basement, EEE Award homes are designed to keep your heat inside during winter and your utility costs down. These same features also make EEE Award homes easier to cool in summer. Award homes are designed to keep your heat inside during winter and your utility costs down. These same features also make EEE Award homes easier to cool in summer. Award homes are designed to keep your heat inside during winter and your utility costs down. These same features also make EEE Award homes easier to cool in summer.

If you're planning on buying or building a new home, take a look at the Detroit Edison EEE Award homes. These homes will help you conserve energy and keep your operating costs at rock bottom.

Detroit Edison EEE Award homes must meet or surpass the following standards:

A. Energy-efficient heat-pump heating and cooling system which conforms to design and installation standards established by the electric utility industry.

B. Maximum insulation including R-17 material in exterior walls, R-44 in attic, and fully insulated basement walls with an R-13 value.

C. Windows with wood sash and insulating glass or single glass with full storm. Or aluminum sash with thermal break and insulating glass or single glass with full storm.

D. Exterior doors with foam core and magnetic seal.

E. Refrigerator and freezer must be energy-efficient if provided by builder.

F. Water heater is energy-saving type, located as close as practical to point of use. Hot water lines wrapped in insulation are recommended.

G. Interior lighting that conforms to the Illuminating Engineering Society standards for energy efficiency in residential lighting.

H. Exterior security lighting, if provided, has automatic dusk-to-dawn control.

I. If home has a fireplace, it must have a tight-fitting damper and glass screen, and if practical, an outside fresh-air supply.

J. Materials, equipment, design and construction of all electric devices and wiring must comply with all local and national codes.

If you're interested in finding out more about energy-efficient living, call these builders. They'll be happy to give you more details about the benefits you enjoy in EEE Award homes.

- Rider Custom Homes, Millington, Call 517-871-4588 or 631-6620.
- R. J. Smith Custom Homes, Marine City, Call 765-8651.

Yes, you can make your present home more energy efficient.

Detroit Edison's Home Insulation Finance Plan is designed to help you bring your present home up to today's energy-saving standards. Ask about it at your Detroit Edison Customer Office. Here are other things you can do to help conserve energy and also save money: Put up storm windows and doors. Check weatherstripping and caulking. Dial down in winter and dial up in summer. Lower furnace fan settings. Keep electric appliances in good repair. That way, we'll be using energy more wisely.

Pick up a free copy of "Planning a New Home?" at any Detroit Edison Customer Office. Or call Detroit Edison for more information.

Conserve for all it's worth. The power is in your hands.

Detroit Edison
