

Spotlight On Farmington Students

FOR THE RECORD — Cloverdale School's recent Lilliputian Theater production of "The Shoemaker & the Elves" was filmed by a visiting Purdue University teaching fellow, John Siesken, at right. Siesken had heard of the work of the after-school group, organized and directed by Cloverdale's Jeannette Senob, and made a study of it for use in his Purdue classes. (Evert photo)

CELESTIAL BODIES — In their roles for Bond School's recent play, "Children of the Sun," fifth grade pupils Mike Petoskey (at left) as Jupiter, and Kevin Deighton (center), as the sun, disagree over how they relate to one another. Christine McDermott as the earth, plays it cool. (Evert photo)

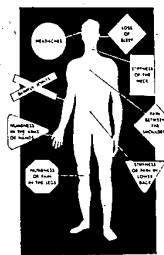

Pair Graduate At Northwood

Two Farmington residents have received associate degrees at Northwood Institute.

Carl D. Bruce, the son of Mr. and Mrs. Stephen Bruce of 33880 Glenview, was awarded a degree in liberal arts. Penny M. Morris, daughter of John Morris of 24072 LeQuinnle Ct.,

received a degree in the executive-secretarial program.

Moving your lawn to the correct height increases weed resistance, report experts. Two inches is the best height for upright grasses like bluegrass and fescues. Bent, Zoysia and Bermuda grass should be cut at three-quarter-inch or lower.

THE 8 DANGER SIGNS THAT INDICATE SPINAL PRESSURES AND TENSIONS ON VITAL NERVES

The highways and streets we drive along have many warning signs we immediately recognize, telling us well in advance that potential danger lies ahead. The human body has a similar set of signals. These critical symptoms are often the forerunners of more serious diseases . . . diseases that can be averted if these eight danger signs are heeded in time.

THE PROBLEM OF MARIA — Kim Sandnes as the mother abbess gives her blessing to Maria played by Catherine Lewis in the recent William Grace sixth grade production of "The Sound of Music." (Evert photo)

Bond Pupils Stage Fair

Fourth, fifth, and sixth graders at Bond School held a science fair June 3 to 5.

Other mechanical devices included doorbells, burglar alarms, telephones and generators.

Displays prepared by the students demonstrated rocketry, oil pressure in a cylinder, a wind tunnel and vibrations of sound waves.

Chairman of the event was Mrs. Bonnie Peterson, sixth grade teacher.
