TECHNICAL OPPORTUNITIES

Electro-Mechanical Components for the Industry

We're Computer Peripherals, an established leader in the manufacture of electromechanical components for the computer industry, with a strong reputation for innovation and a continuous pattern of success. We have immediate openings at our technical engineering center in Rochester, Michigan for persons to take-up key responsibilities in the following positions:

ELECTO-MECHANICAL TECHNICIAN
Two years college level course work plus six years experience in the electromechanical assembly field or similiar essential. Selected candidate must be capable of assisting with circuit and mechanical designs, as well as construct and de-bug circuits and peform system testing and set-up operations.

DRAFTER
Trade school printed circuit/drafting or equivalent experience that includes a knowledge of schematics. Position involves work on drawing and PC layouts utilizing automated design equipment. Possible training position for right person.

TOOL & DIE MAKER
Excellent opportunity for a Senior Tool and Die Maker in our Engineering model shop. Requires six to ten years experience plus the ability to work from sketch and blueprints and operate all tool room fabrication; working with all known metallic and non-metallic materials and shop welding. From blueprint to finished product.

The above positions offer competitive salaries, comprehensive benefits, and generous potential for career growth. Interested candidates, please submit letter or resume in confidence with salary history and requirements to:
