The men may choose, like the women, from a variety of grays, long hair furs like coyote, or they may pick a white mink oval coat with a fur belt in back, which is the men's answer to the coat with "something extra."

The men also have their reversibles this year. An unplucked beaver which reverses to the leather side of the fur, is a slim, trim and versatile

Another reversible for the men is a marmot in a diamond pattern, which reverses to a pale leather with dark leather trim.

All of these looks, men's and women's, can be found at Hudson's Fur Salons located in Hudson's Downtown, Northland, Eastland, Westland, Southland, Oakland, Fairlane, and Twelve Oaks stores.
