This Wednesday I would like to talk about the people you deal with when you buy or sell a home. My associates are tops in their professional ability in this field, including their knowledge of real estate in this area and how to cope with problems of financing.

They are friendly but not "pushy" people. They are successful people who are a credit to this community where they live and work.

We need to increase our staff by one or two persons of this caliber, to serve our growing number of clients. I will be very happy to talk to any person of this sort regarding a future as a Real Estate Associate with-Weldon Clark Realtors.
