I wish to express my appreciation to the people of Farmington and adjoining townships for the splendid assistance rendered my candidacy for the office of Circuit Judge at the recent primaries.

My official work rendered it impossible for me to make a personal canvass for the nomination, hence the support is all the more appreciated.

As much as I would enjoy making a personal canvass for the election and meeting the voters I shall have to forego this pleasure and leave my candidacy with them. I believe the duties of the office of Circuit Judge should be conducted in an economical and impartial manner, regardless of politics, that justice at all times may obtain. This endeavor, as in the past will be my hope. If you believe that this program is in keeping with my past and that I have earned the advancement, your support will be much appreciated regardless of party affiliation.

Very Respectfully,  
 KLEEBER P. ROCKWELL
