

Bond's Clothes Win Every Time!

Dressing correctly—and at a very moderate cost—is not a "game of chance" when you choose the RIGHT store at which to purchase. The real out-and-out VALUE in Bond's \$15 clothes is apparent the minute you first see them. It isn't necessary for a glib salesman to argue you into buying these clothes. You'll buy them because you will PREFER them to others you'd pay more for at a regular retailer's.

Bond's Clothes Would Cost You More Elsewhere

There's no question about it at all. Simply go to any other store and look over their regular \$25 line. Compare what you see with what Bond sells for \$15. Then use your own judgment as to whether or not you will buy Bond's or the other fellow's.

Come See For Yourself

All we expect of any man is that he will come and see for himself. We will let the clothes themselves be their own salesmen. You don't have to be a keen judge of values or a "clever buyer." All you have to be is a man who wears clothes and wants his money's worth. It's such men as these who make up the vast army of Bond's boosters.
