

Plymouth Rates A Look In 'A' Title Battle

Watch out for Plymouth K. of C. in the second half Class A baseball race in the Greater Livonia League.

Although only 6-8 overall for the season, Plymouth stands 2-1 in the second half chase, making Village Rambler its latest victim when Stan Cross turned in a neat six-hitter to post a 7-3 victory.

Cross, who fanned nine, allowed only one hit after the third inning to best veteran Art Wendt, of the Livonia Village team.

The Livonians took a 2-0 lead in the first inning on a triple by Wischer and singles by Monson and Curtis and ad-

ded another run in the third when Kroll singled and Wendt tripped.

PLYMOUTH SCORED twice in the third on singles by Pete Lomomaco, John Gilles, Brian Giller and Pete Woodard and tied the game in the fourth when Cross singled home Doug DeMikes, who had singled.

Tim Flaherty's triple and a single by John Bida broke the tie in the fifth and Plymouth added a run in the sixth on hits by Cross, Lomomaco and Woodard.

The final two markers were scored in the seventh when Bida singled, Cross walked and Lom-

omaco delivered his third hit.

THE UNIVERSITY of Michigan influence, meanwhile, is showing up on the Redford Township Class A baseball team this summer.

Two of the Redford stars, pitcher Tom Fleszar and infielder Mark Carrow, played on the U-M varsity this past spring.

Both played important parts Wednesday when Redford downed Northville, 5-2, to remain unbeaten (3-0) in the second half flag race for "AAA" honors.

Fleszar pitched five innings and was the winner after fanning eight. However, he needed relief help from Rick Berryman

who put out a Northville "viper" in the sixth and final inning.

FLESZAR ALSO singled home

IN THE POCKET

By W.W. EDGAR

The spiraling inflation that has made its presence felt in many activities finally has hit bowling among its victims—especially in Observersland.

Despite the population explosion in many areas no new establishments are being built to meet the demand for the simple reason that the combined cost of land and construction has reached the point where they are prohibitive.

During the past several months there have been rumors of plans for new establishments in Farmington and Plymouth Township. But ground has yet to be broken and even a start now would not have them ready for the new season in September.

One of the new bowling centers was scheduled for the area of Jay Road and Haggerty in Plymouth Township and the other in the area of 12 Mile and Drake Road in Farmington, which now has been abandoned.

"AFTER CHECKING all the costs," the Farmington prospect who asked to remain anonymous explained, "we found that it would entail an investment of approximately \$35,000 per lane. And the type of establishment it would require in any of these growing neighborhoods would run well beyond \$1 million. There's no way an investor could get his money out of such a project at the prevailing rates so the idea has been set aside."

In the old days, meaning two decades ago, it always stated that the cost of a bowling establishment, including the ground, averaged about \$10,000 per lane. But those days are gone.

Now, aside from the highest cost of the ground and the construction, there is the automatic pinsetter to consider and these machines average about \$8,000 installed. Pins used to be purchased for \$10 per set. The

new type plastic coated pin averages about \$50 per set.

So, adding these inflated prices, it is no wonder that starting from scratch in the bowling business at the moment it may be quite some time before Observersland will welcome a modern, new tennpin center.

ERV WATSON, manager of Bel-Aire Lanes, had added further proof that persons suffering from aching backs can be dangerous competitors. Complaining of aches and pains on his bowling night last week he hesitated about getting into the lineup. He finally was persuaded to try it and here's what happened—he finished games of 218, 226 and 247 for 691.

Other high scores in the Thursday night league included a 203 and 210 in a 606 by Jim Strupee and games of 223 and 210 by Paul Drain. On the district side Paddy McHugh had her first double century series—221, 211, 244 and 244. The Bel-Aire teenagers also came through. Bowling in the Father and Son League, Tom Killian, 16, posted games of 216, 204 and 197 for 617 and Greg Hatter, a 17-year-old, contributed games of 203 and 201.

In the Tuesday Ladies League, Mary Rindel set the pace with a 193 in 529 while Chris Stephens had a 505. On Wednesday, in the Mixed League, two girls—Lois Carr with a 180 in 503, and Shirley Tarnowski with a 198 game—set the pace.

HERE'S SOMETHING novel. At Livonia Lanes bowlers have formed a Tiger Fan Club. Every time the Tigers win a game each member of the league pays \$1 into a fund. When a sufficient amount is posted the bowlers take the night off, charter a bus, and go to the ball game.

They found it an easy way to duck splits and misses.

ONE OF THE HAPPIEST bowlers in the area is Tom Collins, who carries a 157 average at Livonia. Bowling in the Senior League on Thursday he posted a 132 triplicate and was just as proud as though he bowled a 300.

"The triplicate is harder to get," he chuckled while being congratulated.

on a single by Terry Rothwell. Northville got even at 1-1 before Bryan Johnson singled

home Gary Schaefer to make it 2-1 for Redford in the third. Again, Northville tied matters,
