D. U. R. OFFICIALS VISIT VILLAGE

Will Put in Public Siding—Other Improvements Contemplated.

Wednesday morning about 11 o'clock a special car arrived in town with a delegation of D. U. R. officials, in response to a request by the village council for a public siding for loading and unloading cars in this village. In company with President Francis and members of the council the party visited the old gravel pit, and their property near the milk factory spur, and it was thought the latter place would be the most desirable to both the village and D. U. R. for a public siding.

Before leaving the officials conveyed the information to the local officers that a plan would be devised whereby we would get a switch and a number of other improvements in the local service.

It was acknowledged by all present that Farmington was in need of more adequate shipping facilities in the way of a siding and a larger freight house, and better passenger accommodations, and it is thought that a number of improvements will be made here in the near future.

A long contemplated change in the trackage and waiting room accommodations, which is needed here very badly for safety as well as convenience was favorably talked, and the inference gained that "something" would soon develop for the benefit of Farmington and the surrounding territory.

FROM OUR EXCHANGES

Newspaper Items Taken From Other Papers in and About the County.

It is said that one Oakland county school district made an unusual record by getting 63 of its patrons out to annual school meeting. But, it should be added, they had to serve ice cream and cake to do it.—Milford Times.

Henry Myers was returning from Detroit Tuesday evening about 12 o'clock, when a party in another car smashed into him and broke his car up quite badly. Mr. Myers is going to place the matter in the hands of his attorney and make an example of the reckless drivers.—Redford Record.

Harold, the five-year-old son of Mr. and Mrs. F. D. Brown, died Wednesday night of scarlet fever at the home on Plymouth avenue. The burial, which was private took place yesterday. It is reported that of the remaining five children of the family, three are now sick with the same disease.—Northville Record.

Death of Former Resident.

Clyde McDermott, Miss Minnie Toomey, William Dingman and Mrs. M. E. Johnson, of Northville, attended the funeral of their uncle, Edward McHugh at Fenton last Monday.

Mr. McHugh died at his home in Fenton last Friday, August 3rd, aged 80 years. He was born in Southfield in 1837, and came to this township when a young man, where he was for many years a well known cattle buyer.

In 1877 Mr. McHugh was united in marriage to Helen McDermott, and to them were born four children, three of whom, together with his wife, survive him—two of the daughters living in Detroit and one in Flint.

About 35 years ago Mr. McHugh moved to Fenton; where he lived until his death last Friday, and was well known all over that section.

Sunday School Class Meeting.

The "Buzzers" met at the home of Vivian Hazelton, north of town, on Tuesday, August 7, where Misses Vivian and Hattie Catherman entertained.

All the members were not able to attend, but a good time is reported by those who were present.

After the meeting all adjourned to the front lawn, where they ate a dainty lunch served by the hostesses. A lovely breeze blew across the lawn during this period, which made the warm day very pleasant. The meeting is still undecided, it coming on the first day of school.

State Fair Tickets Again.

We have again made arrangements with the State Fair, in agreement to the advance sale of tickets to the sixty-eighth annual fair, to be held at the Detroit grounds August 31st to September 9th, at reduced prices.

From now until August 30th anyone so desiring can purchase tickets at the Enterprise office for 35 cents each, or three for \$1.00, as long as they last. Last year a number were disappointed by waiting too long. They will go quick and when our supply is exhausted we can get no more.

Don't wait until the last minute, but come in and get them right away and save 35 cents on each admission, or you will be obliged to pay 60 cents at the gate.

We also have a quantity of "Children's Tickets," which will admit any child under 12 years, to give away, good for Saturday, September 8th.

Remember we positively cannot sell a ticket after August 31st.

Here will be exhibits of the five-acre food crops entered in the competition established with the object of stimulating a larger production of food crops. Liberal cash prizes will be awarded the winners in each class.

ENLARGED STOCK EXHIBIT

The rapid strides Michigan has taken as a stock raising state will be reflected in the mammoth exhibit of the state, including the establishment of classes for Devonshire cattle, Perlan fur and Poland China hogs never before exhibited at the State Fair.

To afford a deeper interest in the breeding of prize stock the State Fair has instituted a Boys' Stock Judging contest for Michigan boys under 21 years of age.

Every variety of mechanical appliances found on the modern farm has a place in the huge exhibit of labor saving machines in the Big Machinery Building. In the field adjoining there will be daily tractor demonstrations by the leading manufacturers in the country.

FLIGHTS BY RUTH LAW

Nothing has been so popular in providing patrons of the Fair with the highest class of amusement features. Beginning with Ruth Law, the celebrated military aviator, the program includes such excellent attractions as: Louis Diegum, champion solo ace driver; Louis Gorton, most daring aviator in America; California Frank's pioneer Wild West Show, in daily free performances; Johnny J. Jones, refined Midway attractions and a complete bill of spectacular patriotic fireworks.
