The Married Life of Helen and Warren

By MABEL HERBERT URNER Originator of "Their Married Life." Author of "The Jour-nal of a Neglected Wife," "The Woman Alone," Etc.

HELEN'S EFFORTS TO SAVE A CLEANER'S BILL RESULT MOST DISASTROUSLY

starch."
In the bathroom Helen emptied the whole half gallon of gasoline into the starch pan and dipped into it her chir-

starch pan and dipped into it her chiffon waist.

The filmy material wilted down as
t soaked up the fiuld. Her hands in
rubber gloves, she swished it around,
held it up to drain, and planed it to
the shade before the open window.

After dipping a lace collar and the
net yoke and sleeves of her gray taften, the gasoline was still clear
enough for something else. While she
was at it, she would clean those pink
saith slippers.
Even with the open window, the

Dropping back on the pillow, the big to clean some things in gasoline. Don't light the store until Thintrough, store and the foot of the bed, and the big to pillow an suit slippers. It is open window, the structing fumes were now sickening-ity strong. Healtly, with held breath, she immersed the slippers, brushing them with a soft nullbrush. The solide gasoline she always saved to use again after it had cleared by standing, but now, too dizzy to poor it back. Into the small-mouthed bottle, she emptied it out, into the washbasin. Then, escaping from the bathroom, she closed the door on the stilling fumes.

"Here, Dorn," as she took the starch

washbasin. Then, escaping from the bathroom, she closed the door on the sitting funes.

"Here, Dora," as the took, the starch pin out to the kitchen, "wraph this out well. This greather washer the starch pin out to the kitchen, "wraph this out well. This greather here to the lower's shelf. Be careful not to use it for anything else," When, a little later, she went back to the bathroom, the walst, except for the thicker parts around the neck and sleeres, was almost dry. It was beautifully white, Hid she sent it to the cleaners, they would have charged \$2 and done it no better.

It was now after three, and she was anxious, for the things to dry quickly to there would he no traces of odor when Warren came home.

It was now after three, and she was anxious, for the things to dry quickly to there would he no traces of odor when Warren came home.

He had repeatedly forbidden her to use gasoline, insisting that he would pay any amount of cleaners tills rather than have her take chances with this infammable finid.

The dress on the towel rack she rarranged so the air could give to the yoke and sleeves, but the hippers on the towel rack she rarranged so the air could clear but, tossed from a window above, fell straight into the pink staft toe.

A sizzling fash and the gasoline-soaded slipper was affame. For a second Helen stood petrified. Then, jerking up a long-handled bath brash, she thrust it off the ledge. But it was too late! The blaze had leaped to the thin lace waist.

Screening lange, hand the down three on the waist.

Screening lange, hand the day had the waist had be but the had turned on the waist.

Screening the south the and turned on the waist. The blaze had leaped to the wist had beat her had turned on the waist.

Dora, bursting open the door stared phile-strickine, then rushed back shrieking: "Fire! Fire!"

water find the flatter were leapling up the titled wall.

Dora, bursting open the dors, stared findic-strice. "Fire! Fire!" the water, now filling the tub, exit introduced the water that does not be all the water, the dress, which hung on the towel rack, was still ablaze. Frantically Helen tried to poke it down into the tub with the congabnated brank. Then, reaching over, to turn on the shower, the fames, satisfied brank. Then, reaching over, to turn on the shower, the fames, satisfied brank the seed for kinnon elseve, saturysted with the gasoline fumes. She might lead of her kinnon elseve, saturysted with terror, she ram wildly out, too frightened even to scream, litudy she dashed through the half door that Dora had left open. After that everyfuling was a bad blux. The draughty elevan that figured the terror than the well and the seed that figured the strick of the fire was a bad blux. The draughty elevan that have a start of the strick of

a woman's voice, lowered to a discreet whisper.

"She'll soon be all right," a man's voice, deep and restful.

For several moments after the consciousness of the voices. Helen, still clinging to the sheltering darkness, kept her eyes closed.

A sharp pain in her shoulder. Someone was bandaging her arm. Then she realized that the man bending over her was Dotto's Mardlen, whose office was on the first floor.

"You're all right hour," reassuringly, "You're all right hour," pressuringly.

on the first floor.

"You're all right now," reassuringly, as he met her bewildered gaze. "Drink it little of this," raising her head to the glass.

Decorating a Savage.
Floreace Partello Stuart, in one of the delightful tales of the Mooc charm boy, Plang, fells of an embarrassing situation. Plang, had saved the governor's life at the risk of his own. "Plang, I am about to decorate you with the emblem of our government; these infantry cross-guns I shall plan on your breast—the digalfied governor reached forward to make good his words, but paused it eitheartnessment, the speech dying on his lips. He gazed in dismay at the scantily clothed little savage, standing straight and expectant before him. "I shall place this cambiem, sgain." I shall place the senting was a titter among the speciate was a titter among the speciate conditions of the shall place the condition of the special proke over Plang, and he grinade broadly. With the tip of his finger he topiced the shinling cross-guns, then his necklate of drocodile teeth.
