

The Second Liberty Loan A Huge Success

campaign has closed, and as a nation we know it was our little town point with pride to its showing. Farmington LED THE WAY in Oakland County, being the first township to complete its quota, and then oversubscribed \$31,000, finishing with a total of \$120,000.

Two per cent of this amount has been paid by the Treasurer of the Liberty Loan committee to this bank, which has in turn paid the Federal Reserve Bank of Chicago a like amount.

ON JANUARY 15, 1918 the Federal Reserve Bank will have had received from us the full amount, \$120,000, in payments on the government plan as follows, i. e.:

18% November 15, 1917—\$21,000. 40% December 15, 1917—\$48,000. 40% January 15, 1918—\$48,000.

The community will realize that this is a very large amount and we urge your cooperation by making your payments promptly. Everybody who can do so is urged to pay on the government plan, or in full on November 15th, if possible. This will help us in financing the loan.

OUR POLICY since the first loan was projected has been to do everything in our power to make it easy for everyone to buy a bond, and to those who want to pay on the

Partial Payment Plan—Weekly or Monthly we simply want to say that we stand ready to accept the small payments as before and allow them to come at a **4 Per Cent** according to the Savings Rules of the Bank.

On the **Partial Payment Plan** we also urge that you pay your **2 per cent week, or 10 per cent per month** as the case may be, **PROMPTLY**.

Owing to the number of subscribers and the work necessary in getting the Liberty Loan Pass Books out we would be glad to have all payments

START NOVEMBER 15 when we will be ready to accept them. Kindly come in on that date and get your book.

We feel like congratulating the whole township on the way everyone has pulled together. Mutual cooperation has placed Farmington in a position second to none in Oakland County. We assure you that we will spare no efforts to
