anti the stege of whater is raised. Such a cost is suitable for street, motor and other wear, and it is designed on lines of proved merit. Its serviceable qualities are expected to outlast several whiters; and its business is to be warm and convenient. This it accomplishes along with a style that does not point to other days.

GOOD EATING.

From stale bread cut six silers, remove the crusis and butter the bread. Put through a food the proper sufficient fresh eccount from which the brown which the brown which the brown and and a half. Separate the whites and yolks of three eggs, beat the yolks with half a cupful of sugar, a half tenspoonful of vanilla and one pint of milk. Cut the bread in bid-finch dice. Arrange half of it in a baking disk, sprinkling one quarter of the cocount and the Pour over it half of the raw custard, add the remainder of the bread, another quarter of the cocount and the right of the custard. Bake in a moderate over until set in a moderate of the custard, and the remainder of the custard the custard with a band over all heart of the custard with three tablespoonfuls of sugar. Sift sigar thickly over the top and brown in the oven.

with tirree tablespoonfuls of sugar. Sife sugar thickly over the top and brown in the oven. Pittaburgh potatoes.—Wash and pare potatoes and cut in half-linch chees. There should be one quart. Put in a steeppan with one small onlong chapped line, and cover with sea of the part of the compact flow, and cover with sea of the compact flow, and cover with sea of the started of the compact flow, and cover the sea of the control of the started of the cover of the

### FRUIT FOR THE TABLE.

If there is any one thing that appeals to the eye and thus affords pleasure, at the table, it is a well-arranged, well-ald, attractively set table. The centerpiece is the first thing that the eye lights upon, so it should be just as attractive as possible. The professional knows that he must: appeal to the eye in order to sell his wares. It should be just as important that the for coating an often juded appetite. This does not mean that great expense its necessary for the simplest, least expensive arrangement may be beautiful.

pensive arrangement may be beautiful.

A very pritty centerpleec was used the other day, which almost anyone could repeat with small cost. An other constraints with a present person and the center of the tray, around it were arranged bunches of grapes, a few red apples and an orange or two for color.

Fresh fruk, without which breakfast is an incomplete meal, is nine times out the server of the server of

If bananis are to be served for the meal, but them attached to the original stren, then attached to the original stren, then attracted to the original stren, then attracted the attraction of green, either of ferro or a few leaves or extractional owill surprise and generation of the strength of the originary. The original strength of the originary was not strength or original strength original strength or original strength original streng

this unusual way takes on a new flavor. There is signoit a wilderness of baskets to choose from for table baskets and the signoit of table baskets to choose from for table baskets and the signoit of table baskets are signoit of table found. A heap of white grapes surrounded with bright red polished applies, a most commonplace tilsh of fruit, is changed by its treatment into a study in colors.
