

## WORK

### Farmington State Savings Bank

Money is a willing worker—works 365 days a year, with no vacation, no time off for sickness, no soleing on the job. When you "invest" in questionable securities, when you try to force your money to earn more than it is able to produce, you are setting it a dangerous task; and you only are to blame if your willing slave fails you.

Consider the advantages of our Special Interest Department, where money works under the "Best Approved Conditions"—**4 per cent, 3 months**—and brings a regular income.

### FARMINGTON State Savings Bank

### Local News

The O. E. S. Red Cross Sewing circle will meet with Mrs. E. F. Holcomb on Wednesday, March 20th.

District No. 4 school was closed last week on account of the absence of Miss Riesman, teacher who lives at Union Lake, and who had been exposed to diphtheria, nothing developing however, school reopened this week.

The boy's class—"Invincibles," of the Methodist Sunday school met Tuesday evening with Ernest Green. There was a good attendance, and a most enjoyable time was spent. The young host played a number of selections on the violin. Ice cream and cakes were served.

### Farmers Attention

I have decided to put a few Tractors, with plows, disc harrows, and spike tooth harrows, at work around Birmingham, Michigan, and Farmington, Michigan. I propose to do ploughing, double disc harrowing and spike tooth harrowing cheaper than the farmers can do it themselves, and thereby enable farmers to plant a greater acreage, and to assist them in producing more food to help even in a small way to win the war. I hope that the work that I may be able to do will be in addition to, and in no way interfere with your regular work.

I propose to charge \$2 per acre for ploughing, 75 cents per acre for double discing, and 50 cents

per acre for spike tooth harrowing, and 50 cents per acre for pulverizing and packing with a double corrugated roller.

Or will lease the tractor, including the operator and any equipment that is regularly used with the tractor, for \$15.00 per day.

I propose, as far as is practical, to take the work in regular order, to do work on adjoining farms, so that, as we pass on any road, we can do all of the work that may be requested for a period of at least two weeks, after which we may return over the same roads.

I propose to confine the work for the time being, within a radius of three miles of the above villages. Farmers desiring work done, as above outlined, should communicate with me as early as possible, stating approximately the number of acres they want us to operate upon, the time that they desire the work done (always give a range of two weeks for us to do the work), so that we can work to good advantage.

In requesting work to be done, be sure to give name of farm owner's name, and the distance from center of town, as well as the distance travelled in each direction, in order to reach your farm.

We urge that you work your small and odd shaped fields with your horses, and let us work your larger fields with tractors.

Miss Nina Warner attended a complimentary production, for the teachers of Detroit, at the Madison theatre, of the "Son of Democracy" last Saturday. This is one of the latest photo plays and is said one of the most realistic productions ever thrown upon a screen.

CHURNOLD will keep 30 days with reasonable care, get it at Cook's Grocery, phone 3.

# 22 Million Families in the United States

If each family saved ONE CUP of wheat flour it would amount to 5,500,000 pounds, or more than 28,000 barrels. If this saving was made three times a week it would amount to 858,000,000 lbs., or 4,377,000 barrels a year.

You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this receipt:

## Corn Meal Muffins

3-4 Cup Corn Meal	2 Tablespoons Sugar
1 1-4 Chps. Flour	No Eggs
1-2 Teaspoon Salt	1 Cup Milk
4 Teaspoons Royal Baking Powder	2 Teaspoons Shortening

Sift dry ingredients together into bowl; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 20 minutes. Same batter may be baked as corn bread in greased shallow pan.
