The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNVILLE, TEXAS. Mr. Chas. Smith writes: "My wife would not think of any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad cough, and we give it to our children and recommend it always as a safe remedy, for it contains no opium."

Big Army Order

The largest single order for bacon and canned meats in the history of the world—89,660,000 pounds of bacon and 134,000,000 pounds of canned meat—has just been placed by the Quartermaster's Department, U. S. A., for the American army overseas.

Louis F. Swift, in commenting on this, said the order will take the bacon from approximately 1,900,000 hogs and if other work were dropped to produce it it would be equivalent to the total bacon production of the five largest Chicago packers for nearly five weeks; however, six months will elapse before delivery is to be completed.

Mr. Swift said: "At the current prices on the day, last week when the purchase was made, the packers would pay the live stock producers about \$80,000,000 for the necessary hogs and \$50,000,000 for about 900,000 cattle required."

"The cattle will cost us twice as much, and the hogs two and one-half times as much as in the pre-war period."

"The whole order will be made up before the first of the year, despite the fact that, even before this purchase, one fourth of the packer's facilities have been devoted to filling military demands."

"In order to get out the canned goods the packers will find it necessary to employ night and day shifts of canners. Notwithstanding the fact that the products are being rushed forward thus hurriedly, not a single complaint has been received on meats delivered to the armies abroad."

"The five packers are now killing about 360,000 hogs weekly to keep abreast of material and domestic needs."

A number of friends and neighbors of the Pierson district attended the funeral of a highly esteemed neighbor, Carl Manzel, last week.
