#### EMPLOYMENT OF RETURNED SOLDIERS

Employment for returned soldiers after the war is becoming a question that is given serious consideration, and rightly so. It is now time to begin to make provision for the thousands of men who have fought the nation's battles, and who, when they come home, will find that ready employment in their former activities is not to be had at once. It is refreshing to note that constructive methods are being devised to solve the problem. And it is a duty that must be taken up with a resolve that no soldier who fought in France or elsewhere shall be lacking a profitable job.

Great Britain and her colonies are already giving practical consideration to the matter and have perfected, among other things, a plan to place a large percentage of her soldiers on farms as soon as the war has been won. A similar proposition is being considered in the United States. Recently in Minnesota there was a meeting of delegates from all over the state to take up the subject.

The matter of providing farms for the soldiers and sailors, when they come home, was discussed at length and committees appointed to make a thorough canvass of the land situation in Minnesota, with a view of making recommendations to the state legislature.

A resolution was adopted favoring the distribution by the state to returned soldiers and sailors of 80-acre tracts, on terms similar to those which now govern the sale of state school land in Minnesota. Payments on these lands are spread over a thirty-year period and carry 4 per cent interest per annum.

Michigan should not be lacking in enterprise in this direction, and it is a foregone conclusion that this state will not allow the men of the commonwealth to go job hunting after they leave the trenches and battle front. A short time ago a plan was suggested that a bill be framed for submission to the coming session of the legislature providing for raising by bond issue a sum not less than \$75,000,000 for road improvement and the chief aim being to provide profitable employment for returned soldiers and at the same time to increase the construction of highways that would be a great asset to the state and a big factor in its development. This is a proposition worth considering. It has also been suggested that further legislation be enacted by Congress for a similar purpose—the construction of a system of national highways.

Both these propositions offer a way to give a small measure of recognition for the sacrifices and patriotic service rendered. There will be other plans suggested, but a systematic and constructed program should be adopted in each state by which every soldier shall be placed in agreeable and profitable employment as soon as he receives his honorable discharge.—Michigan Investor.

bell, of Detroit, is visiting him for a few days.

Mrs. Harry Nichols is able to get out, after her recent illness.

Mrs. Garlick, from Marlette, is visiting A. C. Atkinson and family, for two weeks.

Mr. and Mrs. A. L. Hill are the proud parents of a nine pound son, born Sunday at 9 p. m.

Mrs. Cadwell has moved from Northville to the Salow place, west of the depot, which she has bought lately.

School was closed here Friday last, and the teachers, Miss Steward and Miss Lindsley, attended the institute at Pontiac.

Mrs. Cash and daughter, of Detroit, motored out with Mrs. M. A. Bourne Saturday morning, after spending a week at their home.

Mrs. E. W. Halstead visited her mother Saturday at Farmington. Her mother and niece, Irene Chilson, returned home with her.

Rev. and Mrs. E. C. Benson, formerly of Ohio, are new Farmington residents, and pastor of M. E. churches, both at Farmington and Novi.

#### Card of Thanks

I do most sincerely thank all who so kindly assisted in carrying out the arrangements for the funeral services of Mr. Middlewood on Saturday last, those who so generously loaned machines; also for the singing and kind words spoken.

Mrs. Burdette G. Middlewood.

## Coming Soon

United Doctors Specialist will again be at Milford, Mich., Gleeson's Hotel Wednesday, Oct. 16, 1918  
One Day Only, 9 a. m. 6 p. m.  
Remarkable success of talented physicians in Treatment of Chronic Diseases  
Offer Services Free of Charge

The United Doctors Specialist, licensed by the State of Michigan for the treatment of diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs. Those afflicted with long standing deep seated diseases that have baffled the skill of the family physician should not fail to call, for so great and wonderful has been their results that many former patients state it is hard to find the dividing line between skill and miracle.

According to their system no more operations for appendicitis, gall stones, polter, (tumors, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first to earn the name of "Bloodless Surgeons" by doing away with all pain in the successful treatment of these dangerous diseases.

If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty. A visit at this time may help you. It costs nothing.

Married ladies must come with their husbands and minors with their parents.

## Fall Rains

Do your roof gutters and leaders need repairing? Look them over carefully now, and if they are not in good condition call on us. We will give you a low figure and do the job right. It doesn't pay to let your tinning get in such bad shape that your house will be damaged. Cheaper in the end to have us doctor the tin work up or replace it entirely.

We also do all kinds of Sheet Metal Work.

## WAY & ADAMS

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00! We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There"  
GIVE WHAT YOU CAN

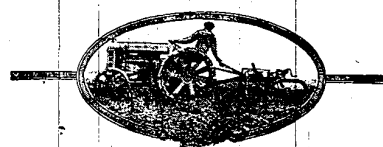

We already have a number of Subscribers to this Fund, a list of the donors being published in another column, and as the amount grows and the papers are mailed to the Boys that list will also be printed.

When the housewife commences to think of meal time and its preparation she invariably thinks of

## The Fordson Tractor

The Fordson tractor, manufactured by Henry Ford & Son at Dearborn, Michigan, is here.

Hundreds of farm owners in this community will be interested in this announcement—in knowing that Fordson tractors are ready for distribution.

The urgent need for greater production and the vital necessity of employing man-saving machinery in farm work is apparent to everyone. Remembering these immense tasks ahead, the coming of the Fordson is of importance to every Farm owner at this time.

## The Oliver No. 7—the Plow for the Fordson

Oliver No. 7 has been built for the Fordson.

Henry Ford & Son recommend it as the plow that will work to the best advantage with their machine.

Oliver No. 7 is a self-cleaning machine. A slip lever right at the operator's hand raises or lowers the bottom. An even depth adjustment lever is right at hand, too.

You will appreciate the high clearance of plow and beams because they save time and annoyance—just as the rule between bottoms prevents clogging with trash and makes every second of operating time count in plowed ground.

The Oliver No. 7 embodies principles of plow construction founded on thirty years of making plows of intensive study of every existing soil condition—constant attention to the plow requirements of the tractor since the tractor industry began.

Come in and see this complete outfit—the Fordson and the Oliver No. 7 Plow.
