Two Cases of Father and Son

A number of the city papers and one or two country papers coming to our desk mention as a notable occurrence that a father and son are in the same registration for the selective draft recently made.

This village can boast of at least two such cases. They are George Hendryx and son Leo, the former being in the 31-45 class, while Leo registered with the 18-year-olds; also Murray Moore, who registered August 24th in the last call for 21's, and his father, Harry Moore, who was in the September 12th registration.

Red Cross Work

The work of the local Red Cross for Pontiac during July and August was 15 cotton pajamas, 20 outing flannel pajamas, 21 convalescing robes, 25 gingham suits for boys, 30 black saten dresses, 50 girls' under skirts. During September there were also 30 women's petticoats and five serge dresses.

Detroit work during July—25 underdrawers, 6 year-olds; 50 women's petticoats, 12 night dresses, 24 boys' blouses, 11 small comfortable tops were donated by the different circles of the township, for the American-French fund. The comfortable were all tied and the material all furnished by the local Red Cross unit.

The donation was taken to Detroit last Wednesday, and much appreciation was expressed for the work done by the Farmington ladies.

Club and Society Notes

How Can Our Young Women Do Their Bit?

Through Commercial Training and Commercial Service

While the wives and mothers of our soldiers are giving unstintingly of their time to Red Cross Work, there are other avenues of service, equally important in this hour of need, which are particularly open to our GIRLS AND YOUNG WOMEN.

We refer to COMMERCIAL SERVICE in the offices of retail and wholesale establishments, factories, banks, etc.

To render such service EFFICIENTLY demands SPECIAL TRAINING.

Young people of either sex who have completed their common or high school education can render their country no more patriotic service than by fitting themselves to take up the work of the men who have joined or will soon join our fighting forces.

Such branches of Business Training as STENOGRAPHY, TYPEWRITING, BOOKKEEPING, ACCOUNTING, BURROUGHS CALCULATING MACHINE and similar subjects, insure young people SPLENDID POSITIONS with our great business houses, factories, banks and stores.

Taking up this work, enables you to DO YOUR BIT in capacities of

GREATEST benefit to your country and to yourself.

Many young women throughout the country—who never gave business training a thought, possibly having no need to earn their own living—are now enrolling in the Business Institute.

They see the PRACTICAL as well as the PATRIOTIC side of this important question. They consider thorough business training and experience as an ACCOMPLISHMENT and ASSET which will always qualify them to earn their own living single-handed should they for any reason again find it necessary to do so in the future.

Parents and their young sons and daughters should take up the question of business training at once.

All the branches that qualify young men and women for commercial service are taught at The Business Institute by a highly capable staff of instructors.

Students may enroll at any time. Classes in both day and evening sessions enable you to complete a course quickly. Electric fans used freely. A personal interest taken in each student.
