

## Keep What You Reap

Good crops are of no lasting benefit if you spend every year all that they bring you. Make your successful harvest do more than merely enable you to live till the next one. Bank your proceeds, check out as your needs require and see to it that there is a surplus remaining at the end of a year's time, a clear profit from the business.

This bank will keep your money safe, give you every consistent accommodation and co-operate with you in every way possible to make your farm investment pay greater dividends than it has ever done before.

### "PEACE."

The Stars and Stripes, the official newspaper published by the soldiers of the American Expeditionary Forces in France, says editorially about the enemy peace offensive:

"Let the weak hearted who are dreaming of a compromise, let the pacifists who are talking a peace by agreement; let the seditious who have had enough of war; let the secretly inclined pro-Germans who think this war should end without a decision—let them one and all know once and for all that for the American Expeditionary Force there is no such word as 'Peace' with the Hun unbeaten. The man who talks of peace today, except through victory, is a traitor."

The enemy peace offensive is likened to the action of German machine-gun crews in the Vesle fighting, when they fought and killed Americans until they were surrounded, then shouted "Kamerad."

The mothers of the American soldiers in France want the same peace their sons demand. All the courage of the ancient Spartan mother is in the hearts of the women of American.

### ENDORSES WOMAN SUFFRAGE

Governor Sleeper, in an address at a Michigan Republican convention paid a fine tribute to Michigan women. He said:

"If anything were lacking to convince any of us that the women of this state have a right to the ballot, surely the magnificent war work that they have done in the past eighteen months, and their willing sacrifices in the cause of freedom, have supplied the lack."

"The splendid, self-sacrificing labors of all our women, the devotion of mothers who have given us their sons, of young wives who have given up their husbands, are beyond praise. Can we now do less than confer upon them the privileges and responsibilities of full citizenship?"

### COMMUNITY HOUSES INSTEAD OF MONUMENTS

The erection of community houses as fitting memorials to the brave men, living and dead, who are saving the world for Democracy, is suggested editorially in The American City for September. "Liberty Buildings" is the name proposed for these structures, which, erected immediately after the war, would perpetuate the democracy of the camp and would serve as neighborhood gathering places for civic activities and fellowship for all the people.

"Did the 'business quick.' Such was the remark of a subscriber who ran an advertisement in the liner column last week. 'We made a sale in less than an hour after the purchaser received his paper and read the advertisement.'"

H. J. Schroeder motored to Flint October 11th.

William and Caroline Morris were Pantic visitors on Saturday last.

Miss Anna Reismann spent the week-end with relatives at Union Lake.

Floyd Schroeder, of Orchard Lake, visited his parents here the first of the week.

Miss Mable Hunt, of Detroit, visited Sunday with her brother, Will Hunt and family.

Charles Gow is staying home from Pontiac High School on account of the influenza epidemic.

Randall Chapman and Mrs. Helen Welch, of Northville, spent Saturday with their sister, Mrs. Ada Butten.

Miss Mona Gow is spending this week at home. The schools are closed at Imlay City, on account of Spanish influenza.

The Sewing Circle met last week with Mrs. Eva Sprague and finished piecing a quilt. They will meet this week with Mrs. McCracken and tie it off.

As help is scarce Miss Lucile Thornton remained home from school and helped her father pick apples last week. In five days she picked 135 bushels, which we think is doing well.

Ora Benjamin, of Walled Lake, while helping to fill soil at the Marl Bachelor farm, lost his right foot in trying to dislodge some corn stalks that were clogging the machine. Only the grabbing of the man by two companions and holding him prevented his death, as he was being rapidly drawn into the knives.

### A PIANO AT A NOMINAL PRICE

We have just learned that Lyon & Healy, the great music house of Chicago, are disposing of a warehouse full of pianos and organs. Some of these instruments are being sold at even lower prices than were usual before the war. We advise any of our readers interested to write to Lyon & Healy for a list of these bargains. Among them are pianos by such well-known makers as Steinway, Weber, Steck, Lyon & Healy, Fischer, Krakauser, Washburn, and a host of others. Among these pianos are rebuilt instruments and also new instruments of special styles. We think it likely that responsible readers can arrange for monthly payments, if they do not wish to pay all cash. The opportunity is such a good one that it would be well to write for a list today.

## WAY & ADAMS

## The Fordson Tractor

The Fordson tractor, manufactured by Henry Ford & Son at Dearborn, Michigan, is here.

Hundreds of farm owners in this community will be interested in this announcement—in knowing that Fordson tractors are ready for distribution.

The urgent need for greater production and the vital necessity of employing time-saving machinery in farm work is apparent to everyone. Remembering these immense tasks ahead, the coming of the Fordson is of importance to every farm owner at this time.

## The Oliver No. 7—the Plow for the Fordson

Oliver No. 7 has been built for the Fordson. Henry Ford & Son recommend it as the plow that will work to the best advantage with their machine.

Oliver No. 7 is a heavy-duty machine. A slip lever, right at the operator's hand raises or lowers the bottom. An even depth adjustment lever is right at hand, too.

You will appreciate the high clearance of plow and beams because they save time and money—just as the ribs between bottoms prevent clogging with trash and makes every second of operating time count in plowed ground.

The Oliver No. 7 embodies principles of plow construction founded on thirty years of making plows of intensive study of every existing soil condition—constant attention to the plow requirements of the tractor since the tractor industry began.

Come in and see this complete outfit—the Fordson and the Oliver No. 7 Plow.
