## Looks Like Newberry

Contest for U. S. Senator in Michigan Close—County Republican Ticket Elected

About the only thing of real interest to the voters of Michigan at the election last Tuesday was the contest between Truman H. Newberry and Henry Ford for U. S. Senator, and when the returns first began to come in it was reported that Newberry had won by 16,000 majority. Later Ford was reported as in the lead with a small majority.

Thursday morning as we are preparing to go to press with the Enterprise the indications are of a close final, with Newberry in the lead with 5,000, with 224 precincts yet to be heard from, the county being Newberry 204,816 and Ford 199,815, Oakland county giving Ford a majority of 10,000.

The vote for woman suffrage gives the women the right of full citizenship by a majority of 23,455, Oakland county giving a majority of 2,063.

Gov. Sleeper is re-elected by about 100,000 over Bailey, and the entire Republican ticket was given substantial majorities.

In Farmington township the Senatorial vote was close, with many split tickets on both sides, Newberry's plurality being but 14, Edward O. Ross, socialist receiving two votes. The total number of votes in Farmington was 310, of which 141 were straight Democratic, with one ticket thrown out. The vote in the township was as follows:

### County War Meeting

Wednesday evening representatives of nearly every township in Oakland county gathered at the Board of Commerce room in Pontiac for a conference, and to perfect plans for the United War Work drive for \$170,000,000 to be raised to finance the work of the Y. W. C. A., Y. M. C. A., Salvation Army, K. of C., Jewish Welfare Board, War Community Service and American Library association overseas.

A very interesting and enthusiastic meeting was held at which addresses were made by some of the leading workers of county, following an appetizing supper.

A feature of the evening was the addressing by each speaker of the six or seven ladies present as "fellow citizens."

Plans were perfected for the big drive which begins next week with the following Saturday and Sunday, November 16 and 17 as volunteer day, at which time every true American in Oakland county will come forward with their quota. In the meantime meetings will be held in every city, village and school district in the county, with good speakers, music and other features.

It was urged at the conference that the widest publicity be given to the fact that at these meetings there would be no solicitation of collections or other charges—no money is wanted at the meetings.

Farmington's quota in this drive is \$4,875, and the minimum quota for each person is \$5.00, with as much more as shown by your assessed valuation. Farmington's first meeting will be held at the Town Hall tomorrow (Saturday) evening, and will be addressed by Dr. Homer S. Henderson, of Detroit, who has spent several months with the boys in France. The Sterling Quartette of Pontiac will also be present and furnish music for the occasion, and it is earnestly desired that the hall be filled to capacity to hear this address and learn the needs (which are for greater than any yet asked) of the money which this drive must produce. Remember, there will be no soliciting at this meeting, and it is free.

The annual bazaar of the Federation of Women's clubs will be held at Federation building, Detroit, on November 21st. Members of the Farmington Literary club are asked to donate for the occasion.

## CAME NEAR BEING FATAL

Mrs. Herman Maas Badly Injured Last Thursday Evening

Last Thursday evening being Halloween Herman Maas and wife attempted to tip over their outhouse, in anticipation of its being done by the boys later in the evening and breaking it to pieces.

Mr. and Mrs. Maas went out shortly after dark, Mr. Maas getting the building balanced on one edge with his wife attempting to hold it until he could get around to the back. The building got the best of Mrs. Maas and fell part way to the ground before Mr. Maas could catch it, and in its decent the corner caught Mrs. Maas just over the left eye, tearing a deep gash in her eyebrow and severing three arteries.

After catching the building Mr. Maas picked his wife up and carried her into the house in an unconscious condition and bleeding profusely. Physicians were called and the flow of blood stopped from two of the arteries, but the third gave them trouble and Harper's hospital was called, a physician coming out in a car followed by the ambulance, and Mrs. Maas was taken to the hospital, in a serious condition from the loss of blood.

Everything was done for her and finally the blood was stopped, leaving Mrs. Maas in a very weakened condition, but resting easy at the time of our going to press Thursday, with favorable chances for her recovery.

In the trip to Detroit it was thought she would die from the loss of blood before they arrived at the hospital, the physician remarking next morning that her chances at that time were one in a thousand for recovery, but everything seems favorable for her speedy recovery at present.

Otherwise the Halloween game of the boys was not generally a bad one, although in a number of places they overstepped the bounds, especially at the school house and at one or two other places.

Everyone is willing that the boys have their fun, and the strewing of cornstalks, wagons and other things about the streets was taken in a good natured part by most everyone, but the destroying of property is not the thing to do, boys, and we advise you to go a little easier next time.

Mr. and Mrs. L. D. Hayes, Mr. and Mrs. H. A. Markey and son Harold, of Clio, were visitors of Rev. and Mrs. E. C. Benson at the M. E. parsonage last Saturday and Sunday. C. A. Parshall, Mr. and Mrs. Herbert Gillette and daughter Janice and Miss Celestine Parshall, relatives of Mrs. Benson, of Howell, were also Sunday guests there.

## Want Names and Addresses

Again, we ask for the name and address of every boy in Farmington township who is in the service of his country. Will you help us in getting a complete list?

If the relatives and friends of the boys will kindly make it a point to hand or send the above information to the Enterprise office we will consider a great favor.

No one seems to have a complete list and it is quite urgent that we obtain one. Will you help?
