Ford clinic offers free CPR lessons
 An evening session of free CPR (cardio-pulmonary resuscitation) instruction for the public is being made available by Henry Ford Hospital and the Michigan Heart Association.
 CPR has been effectively used on adults and children in the event that the heart stops, whether due to heart attack, stroke, drowning, electrical shock or choking. The technique combines external heart massage and mouth-to-mouth resuscitation and can be applied by either one or two persons.
 The area CPR session will be held from 7:30 p.m. Thursday at the Henry Ford's West Bloomfield Center, Maple just west of Farmington Road.
 Certified instructors will demonstrate the technique and give each participant the opportunity to revive Remo-A-Rose, a life-size mannikin with inflatable chest and a recorder printout measuring compression and inflation.
 Participants should wear loose clothing and be at least 16 years of age.
 For further information or registration, call 876-1060 during business hours.
 Sessions will also be held during the month at Ford Hospital's main facility in Detroit and at the Fairlane Center clinic in Dearborn.
 The Dearborn session is scheduled for 7:30 p.m. Thursday, Aug. 19, at 19601 Hubbard Drive, between Evergreen and Southfield.
 The session will be repeated at the same time Thursday, Aug. 26, at Henry Ford Hospital, 2794 W. Grand Blvd. at the Ford Expressway, Detroit.
 Free lighted parking is available at all locations.
 Last year, more than 50,000 Michigan residents were trained in CPR.
