

As autumn advances

Fish, fowl foretell fall fun fest

By LEM MESELE
Outdoors Writer

A five-hour course in duck identification is on tap for devotees of the most difficult hunting of all.

Two sessions will be held the next two Wednesdays, Sept. 13 and 20, in Southfield (Club Center, 4400 Greenbelt at Ten and one-half miles). Classes run from 7:30-10 p.m.

There's no charge, but the Michigan Duck Hunters Association, which sponsors them, asks persons over age 18 to contribute \$10 to help cover costs.

Classes are mostly color slide presentations, with traps, skins and mounts placed very carefully.

If you can't make the Wednesday sessions in Southfield, you can get the same thing.

• **Thursday, Sept. 14 and 21 in Fraser:** Hwy. 2470 (Harford) about two miles west of Fraser between Fraser and Fraser Mills.

• **Friday, Sept. 15 and 22 in Schoolcraft:** Hwy. 2470 (Harford) about two miles west of Fraser between Fraser and Fraser Mills.

THE MICHIGAN FLY Casting Club will hold its season's last 7:30 p.m. Wednesday in Claremont Junior High, 2020 M-10, Detroit, 10 p.m.

The club's next meeting is a business meeting on September 13. Dick Finger tells us.

The club consists of 100 or so novice, intermediate and advanced fly fishermen. They're not only dedicated to preserving trout and salmon in their natural habitat, but in teaching and advancing the art of fly fishing and rod building.

And telling a few whoppers.

The opening session is for business and "hark's night." Sept. 20-26, the club will be at Westland Center helping to promote National Hunting and Fishing Day. Oct. 6, Carl Richards will talk on salmon and steelhead fly fishing—which, as fishermen know, is the wildest, thinnest way to catch any species of fish.

The seven-year-old club is sponsored by Lapeer Parks and Recreation. If it sounds interesting, visit them Wednesday night.

LITTLE SILVER Lake, north of Pontiac, isn't known for any great sport fishing. So Oct. 11, state fisheries crews will kill off and remove all fish in the lake and later restock it.

The fish will be killed by a toxicant that constricts the gills so the fish will be safe to eat. Volunteer fish catchers will be welcome to harvest the crop that afternoon and the following several days.

Run Spiller, fisheries biologist, said Little Silver will be restocked a month to six weeks afterwards with bass, bluegill and rainbow trout. Trout angling is expected to be good in 1979.

Lake residents and fishermen approved. The plan earlier at a public meeting. FISHING will pick up now that cool days have arrived.

In Oakland County, splake hybrid brook and lake trout are showing up on Macedonia Lake, and panfish are beginning to hit crickets in 15 to 20 feet of water.

To the southeast, look for coho and chinooks to school off the mouths of the Detroit and Huron Rivers. In shallow water, downriggers will probably be unnecessary.

The Huron River run will be from the 1973 planting of 100,000 coho smolts and will include a sprinkling of three-year-old king salmon in the eight to 12 pound range.

Thousands of fish are expected to run up the Huron to the Flat Rock dam and beyond, between now and the end of October.

In the Detroit River, a chinook run and some mature king salmon runs should be developing. These 15-to-25 pounders will move up river in late September and early October. The Belle Isle area should be good.

Manufacturers Need New Products

If you have an idea for a new product or a way to make an old product better, contact us—"the idea people"—we will develop your idea, introduce it to industry, help you get a cash sale or royalty licensing. Write or phone for our Free Inventor's Kit. It has a special "Invention Record" form, an important brochure "Inventions—Their Development, Protection & Marketing" and a Directory, 500 Corporations Seeking New Products. It also tells you why we're known as "the idea people."

THIS IS UNIBANK.

One Account At NBD For All Your Normal Banking Needs.

You can write all the checks you want without a service charge.

No charge checking is a big part of the UniBank account. It's yours simply by opening a \$500 savings account. Or by maintaining a \$500 minimum of \$500 average monthly balance on your UniBank checking account.

Either way, you can plan on saving important dollars in service charges. Your savings account will be earning you money while it's saving you money.

When you put your savings into a UniBank account at NBD, they'll not only save you important dollars in checking account service charges, they'll also earn you the highest interest that any bank pays on savings.

7.1% on Investment Savings Certificates with a maturity of 6 years in amounts of \$1000 or more.

7.1% on Investment Savings Certificates with a maturity of 4 years in amounts of \$1000 or more.

6.1% on Investment Savings Certificates with a maturity of 30, 60 or 90 days in amounts of \$1000 or more.

6% on Investment Savings Certificates with a maturity of 12, 18 or 24 months in amounts of \$1000 or more.

5.1% on Time Deposit Savings that mature every 90 days or quarter. Six on our Every Day Interest Account—the savings account that makes you a little richer every day.

Interest on your savings at NBD is compounded quarterly, and on any Investment Savings Certificate of \$5,000 or more, you can receive your interest in the form of monthly checks.

You get the convenience of banking 24 hours a day, 7 days a week.

As a customer of National Bank of Detroit, you'll have the convenience of being able to bank at any of our more than

200 offices—not just the office where you opened your account. That includes over 75 Drive-In Offices open until 7:00 p.m. every night, and from 10:00 a.m. to 5:00 p.m. every Saturday.

And as a UniBank customer, you're automatically entitled to our NBD 24 Hour Banker card. It lets you get cash from your UniBank checking or savings account anytime of the day or night at 27 locations all over town. You can also use your 24 Hour Banker card to make deposits, transfers—even get a cash advance on your NBD Master Charge card.

There's also Checkmate and Master Charge.

Among the UniBank services is our Checkmate line of credit. At NBD, we have always maintained high credit standards, counseling our customers to borrow only for worthwhile purposes and to repay loan obligations as soon as they could. Checkmate is totally in keeping with this tradition. It is designed specifically to allow you to take advantage of outstanding opportunities and to meet unforeseen needs. At the same time, it provides a safeguard against the charges that banks commonly impose for over-drawing your account.

When you qualify for Checkmate, you have a way to write yourself a loan simply by writing a check. Checkmate also offers a feature that we call Simple Interest: you pay interest only on the amount of your daily loan balance—nothing more.

When you sign up for UniBank, you can also apply for NBD Master Charge. When there's a Master Charge card in your purse or wallet, you're extra paying power and greater shopping convenience. Yet there's no finance charge on your purchases unless you pay for them in full each month.

And you get the security of Michigan's biggest bank.

Come in and sign up for UniBank, you'll walk away with the good feeling of knowing your savings are safe, and a bank with a reputation for sound financial management, and more assets than any other bank in Michigan.

If you'd like this security behind your money, and the convenience of being a customer of Michigan's biggest bank, who's not open a UniBank account now?

As you can see, for a \$500 savings account, you get a lot more than a \$500 savings account.

NBD Making banking better for you.

You should know that by Federal Regulations a substantial penalty is required for early withdrawal on time deposits.
