only because you get that big crunch of people. Acquite and "The got you'll probably catch will be the interfactor because you reget with distance source get with distance where he called the row rule only three times during polyas. He added that the rule is a excellent for praceting plays from neck anguine.

Birmingham Bruther Race oast half Francisca agreed that the rule will be great for reducing injuries and added that the teaching as a probability of the proba

Fracassa said that another difficult call will be when the ball carrier switches direction at the final moment before contact, that becoming the defensive man to hit with his head first. Koper-said that he would not call a penalty in such a situation

Official Kepitz agreed, while Fracissa said the different styles of tackling would not make any difference. Let year, the crack back block oblock ing below the waist, was outlawed, An other rule change for high school foc-ted! Kopitz said, makes it impossible for a

defensive player to be called for offside Formerly, a defensive player could be called offside only if he was arrows the line of serimmage when the ball was support for a title line of serimmage rife within plane at the line of serimmage rife within and an extra line of large and and an encross-here penalty. The change will make it illegal for defen-sive time to serimmage before the ball is valued to the line of serimmage before the ball is valued to the line of serimmage before the ball is valued to the line of serimmage before the ball is valued to the line of serimmage before the ball is valued to the line of serimmage before the ball is
