

Stockings can provide an extra measure of joy at Christmas time.

No mantel?

"The stockings were hung by the chimney with care." It's a great Christmas tradition, but what about the many Christmas-lovers with no fireplace? All the better!

A Christmas stocking can be as much fun to place, and as creatively challenging, as an Easter basket!

Hang all of the family's stockings on the bedroom doors for an instant Christmas morning surprise. Or hide them, Easter basket fashion, for some extra excitement.

Hang them in the hallway or on the wall for a bright decorative spark.

Or for extra personalization, hang your Christmas stockings from each family member's favorite haunt from dad's favorite chair, mom's special corner or desk, so' bedpost or stereo, little brother's toy chest or game table and Fido's basket!
