# A child can sew a Christmas tree

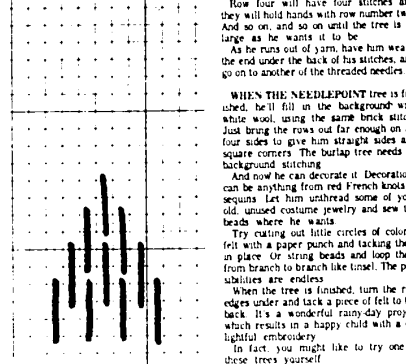

Your child can stitch a Christmas ornament just as well as you can. And he'll have a wonderful time doing it if you arrange the project so that it will be successful.

This Christmas tree can be stitched on burlap using knitting worsted, or on needlepoint canvas using needlepoint yarn. The tree can grow as large or small as you like. Try a burlap wall hanging to pin your Christmas cards on, or a four-inch needlepoint coaster for a grandmother gift.

The most important ingredient in this project is your child. He must be able to count to four comfortably. If he's not quite there, no problem. Just clip the column and wait till next year. Embroidery, like Halloween, should be fun without failure.

Organize the materials beforehand. Needlepoint canvas edges should be covered with masking tape so that they won't catch at the yarn. Burlap should be stretched like a thumbtack burlap to the back of an old, unbreakable picture frame. This stretches it firmly in all directions and gives the child something firm to hold on to.

FOR A YOUNG CHILD, thread three or four blunt tapestry needles. Knot the yarn

**KEEP CHRISTMAS BEAUTIFUL.**

**TIME IS GETTING SHORT**

You know that time is precious stuff. Too precious to entrust to anything less than a Rolex. That's why you choose an officially certified wrist chronometer as tough, as flawless and as distinctive as this 14kt. gold, steel and gold, or stainless steel Oyster Perpetual Date, with its 30-jewel self-winding movement and matching bracelet. Its impregnable Oyster case, with the Twinlock winding crown, is pressure-proof down to 165 feet. The difference is discernable.
