

BRIDGE

The American Contract Bridge League Charity Foundation has distributed more than \$12 million in grants. Recently, the Foundation has selected a particular charity of the year to receive the bulk of funds collected during the year. The Artthritis Foundation is the 1976 beneficiary.

Several times a year players across the country compete by playing a group of pre-dealt hands that have been analyzed by experts. The proceeds from these games go to the charity of the year.

After the game is completed, each player receives an analysis sheet commenting on every hand.

 Rosemary Harden of Birmingham was North in the hand in the diagram. Her partner, Helen Ottis of Royal Oak, bid two notrump — promising 20 or 21 points. Had Rosemary merely added points, she would have been content raising to three.

There was no good way to show her long club suit (13 clubs is Stayman and 4 clubs is Gerber). Therefore, Rosemary took an optimistic view and bid the

small slam for a very good matchpoint score.
