REALLY NOT DINER'S FAULT

Persistent Stare That So Annoyed Young Mrs. Hopkins Due to Cir-cumstances Beyond Control.

cumstances Beyond Control.

Young Mrs. Hopkins, slancing ensually from her table into one of the introors that hared the side of the cafe, met the eye of a stout man, at the table opposite, fixed intendry on her. A moment later, on looking around again, she beheld-dt he same immuovable stare.

Mrs. Hopkins, feeling that constant searching gaze, began to Frow uncekey. The first feeling of pleased vantify had changed to one of anovance, and now approached that of apprehension. There was something asysterious, almost uncanny, in the skott persakis.

now approached that of apprenension. There was something 'aystrious, almost uncanny, in the stout persous unwavering inspection. All manther of directly talles of the Black Haird, so-clety, and escaped indines; 'findled through her mind. The dinner palled. She fidered so nervosity that her highband finally observed that some-

"Values the man," she replied fainty, with a shudder. "He never leaves of staring at ime." Hubby started up violently.

"Who is the scoundred?" he fiercely

demanded.
"That fat inan to the right."
Hopkins sprang out of his chair, quicklys crossed over, and confronted the wretch.

the wretch.

He beheld a round, placid countenance, one cye of which was contentedly regarding the remins of a portion of roast duck, and the other—the group behelt by Mrs. Hopkins—still turned in her direction.

Hopkins looked closely. The left eye was glass.

Silence hever yet betrayed anyohe.

Try the change for ten days if health or other reasons appeal to you

You'll like this excellent table beverage with its rich mild coffee-like flavor & the results of the change will appeal to you That's why so much Postum is sold nowadays

INTIMATE FACTS DISCLOSED BY DIARY KEPT BY TOBIAS LEAR, **SECRETARY** OF THE 4 FIRST RRESIDENT

COMPLETE account of the last days of George Wash-last days of the United States, was written by Tobins Lear, why was his private secretary years. This account, which was the only one written, has been preserved, and as it has been garbied and displored in the biographics of Washington it is berewith presented as a matter of histories—series. For the sake of histories—series, Mr. Lear dates his account "Mount Veraon, Saturday, December 14, 1705," and he wrote as follows:

"This day has been marked by an

strongs, peecember 12, 100. spans of the world of the mean that the spans of the sp wrote ás follows:

"This day has been marked by an event which will be memorable in the history of America, and perhaps of the world. I shall give a particular statement of it (b which I was en egewitness.)

"On Thursday, December 12, the general rode out to his farm about ten oclock and did not return home until past three. Soon after he went out the weather became very bed—rub, had not show, folling after ancely, with the weather became very bed—rub, had not show, folling after ancely, with ried some letters to him to trank, intending to send them to trank intending to send them to the post office in the evening. He franked the, letters, but said the weather was foo bad to send a servant to the office. I objected to him that I was afraid he had got wet. He said no; his greaterat had kept him dry. But his neck appeared, to be wet and the snow was hanging upon his hair. He came to dinner (which had been waiting for him) without changing his dress. In the evening he appeared as well as usual.

The day December 13, 1700, A heavy with the projected by greater and the send of an ore through the property of the property o

put up his hand to prevent it, and, as between the could speed, said. More, more. Mrs. Westington being still viry unears lest too much blood should be taken, it was stopped after taking about half a pint. Finding that no reflief was isbalaned from bleeding, and that nothing would go down the throat. I proposed bathing it externally with sal volatile, which was done, and in the operation, which was with the hand, and in the gentlest manner, he observed, it is very sore.

Detern Are Summoned.

"In the meantime, before Doctor Are is a season of the continual with the should ever occur that well are meantime, before Doctor Graik arising and to the proposed for the proposed bathing it was a season of the continual with the observed, it is very sore.

The time meantime, before Doctor from the bedside and set the observed, it is very sore.
