## We Add 4% Compound Interest to Your Savings Account

When you put a man to work for you you pay him.  
When you work for yourself you expend energy, mus-  
cle and brain for every result you achieve. But when  
your money's at work for you, earning interest, you  
put forth no effort—and It Pays You. That's one  
advantage of an account in our bank!

It is so easy to save, provide for  
your future, and win independence  
when you once realize how much  
our bank will help you to help your-  
self.

Men who awake to the power of  
compound interest, a number of  
years ago took advantage of  
the opportunity it offered, are now  
topnotchers in our town and county  
roundabout. From the very start,  
we make it worth while for you to  
save. Your account begins earning  
interest from the time of your first

deposit, no matter how small. Do  
you realize how money grows at  
compound interest? Come in and  
let us show you how we will pay  
you to save. A small sum depos-  
ited regularly each week will buy  
worry and care and put you in  
comfortable circumstances. It will  
be your buffer against misfortune,  
improve your standing in the com-  
munity, enable you to own a home  
or other property—to have almost  
any of the things which are near  
and dear to you in your desire.

Bring in just ONE DOLLAR and let us credit it to you  
on a Savings Pass Book. Start a Good Habit.
