Let us cultivate a public spirit and talk less and work more. Encourage our local authorities in making improvements. Speak up, speak well, talk encouragingly of our town and its bright prospects. It is these many little considerations that make a town grow. Nature has showered upon us her choicest blessings, and with perfect unity and effort for the good of our common cause, great will be the result.

Morning—"Some Phases of the Centenary Movement."

Evening—"The Man Who Dismissed His Day of Court."

All are welcome. Good music at all services.

At a meeting of the local council of the Centenary movement, Emil Roos was elected as financial chairman, and attended a banquet of instruction at the Y. M. C. A., Detroit.

A bill passed by both houses of the state legislature increasing the rate for the publication of legal notices in any newspaper. The bill is up to the governor for signature. The old rate, which was fixed some 50 years ago, by the legislature, had become entirely out of proportion with the times, and should have been changed long ago.

Pays to Read Advertisements

You've often heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements—pays you. If you read advertisements consistently for any length of time you will agree that this statement is also true.

It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods as "advertised." You have a right to expect satisfaction from what you buy and get it.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't you want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements and patronize the stores which can serve you best.

Notice to Teachers and Eighth Grade Pupils

Owing to the influenza epidemic throughout the state during the winter, which has caused so many schools to be closed, it has been decided by the State Superintendent and Board of School Examiners, to postpone the eighth grade examination until Wednesday and Thursday, May 28th and 29th, thus giving the pupils two weeks more time to prepare for the examination. Teachers and pupils should make note of the change of date. The examinations will be held at the usual advertised places on May 28th and 29th, beginning at 8:30 a. m., central time of each day.

A. L. Craft, School Comm'r. By order of Board of School Examiners.

A. L. Nique, Examiner. George A. Spotts, Examiner.

Important Notice

Attention of voters is particularly called to the necessity of properly folding their ballots, separately, with perforated corners turned down, so the number will be plainly visible and easily torn off by the chairman, as this will greatly expedite the work that will be necessary in order that all who expect to shall have opportunity to exercise their right of franchise at the coming election, April 7th.

SUPERVISOR

At a recent meeting of the township board, of the township of Farmington, the following resolution was unanimously adopted:

RESOLUTION

Owing to the large number who will desire to vote at the coming election, and it being doubtful whether the usual time of opening and closing the polls will be sufficient therefor, be it

RESOLVED, That the polls be kept open at the coming township election, April 7th, until 9 o'clock p. m., Central Standard time.

Republican Ticket

Farmington, in years past, has always been counted on as one of the banner Republican Townships of the County, electing a solid Republican Township Ticket, and giving large majorities for the Republican County and State Tickets. Farmington has been recognized in the past few years by our county and state in the nomination and election of two County Treasurers for four years each, John Power and James L. Hogle, and has now one of our County Road Commissioners, Thomas L. Lytle; also in the State affairs in the choosing of Gov. Warner for three terms as Governor, so that no Township has a better record, and it is plain to be seen what has helped to do all this, viz: The loyal support of your vote for the entire Republican Ticket in years past.

This spring we have a splendid Republican State Ticket.

Mr. Craft, renominated for County School Commissioner, and the usual fine Township Ticket, with all good candidates on it, headed by ISAAC BOND for Supervisor, so that there cannot be given one good reason why Farmington should not return her usual large Republican majority for all the candidates on the ticket next Monday, April 7th. Also remember and vote on the three Constitutional amendments.

With the women voting, there is every reason to believe that your Township will give the largest solid Republican vote in its history.
