Thomas Edison Says:

"Human labor is too expensive at any price to do work that an Electric Motor will do."

And he is right. Washing is work for a machine, not for a woman. Let an Electric Washer do your work for you. It will save you clothes, time and money.
See a demonstration at our display rooms of high grade Washing Machines.

"Small Homes Can Be Beautiful"

FOR the average home-builder wood is still the most economical building material. It gives you more house for the money and just as beautiful a house as you can build of any other material.

The beauty of a house lies in its design—and a small house, carefully designed, can be as attractive as one that costs several times as much.

If you are thinking of building you can get valuable suggestions from our booklet "White Pine in Home-Building". In it you will find a number of attractive homes and floor plans, designed by architects of national reputation.

Come in and talk over your plans with us, or send for the booklet.

For the outside of the house we recommend White Pine because it holds its place better than any other wood. It does not warp, split, twist or rot even after years of exposure to the weather.

We have other woods for other uses and always recommend the best wood for your particular requirements.

Don't Suffer

MANY men and women are suffering because they are neglecting effects instead of removing cause.

Why bother with ailments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffiness under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley's Kidney Pills

have been used for kidney trouble and bladder ailments by men and women with success for many years. They seem to penetrate to the root of the trouble, invigorating and strengthening the kidneys and bladder. They give the kidneys a rest and relief from the waste and poisons that cause the symptoms of kidney trouble.

O. W. Weininger, 225 1/2 Union Street, San Francisco, Calif., writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only relief I have ever been able to get relief from was Foley's Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."
