KELSEY-HAYES COMPANY FLUID POWER

Farmington Research Park
The Kelsey-Hayes Company, Fluid Power, which is
located in Farmington, Michigan, offers the full advantages of a suburban working environment along
with the benefits of a major auotmotive man

PROJECT ENGINEER: FRUJEUI ENGINEER: Supervise design and installation of large hydraulic systems of 1,000 to 5,000 horsepower. The systems to be used on foreign presses and manipulators, terms designainitially is concerned with hydraulics but later will grow into electronic digital control days. Must be able to work with customers as well as vendors.

EDUCATION: 85 degree in engineering and currently working with large industrial hydraulic systems.
DESIRABLE: Systems background in hydraulics or

SENIOR DRAFTSMAN: With a minimum of 5 years experience in mechanical drafting. Must also be capable of directing the efforts of several junior draftsmen in a medium size engineering department.

TEST TECHNICIAN: Set up hydraulic circuitry for testing hydraulic com-ponents. Must have a background in this type of worl and be able to do some performance calculations. A knowledge of test instrumentation is desirable at well as some drafting experience.

EDUCATION: High School Diploma plus work ex-parience in hydraulic testing or completion of an industrial hydraulics course.

HYDRAULIC CIRCUIT DESIGNER:

Graduate Mechanical or Electrical Engineer with industrial hydraulic experience. Position entails some customer contact and travel in both North and South America. Applicant should have a minimum of 2 years experience in the above field.

2 years experience in the above field. Background: Keisyn-Hayes has grown from a small automotive wheel shep in 1909 to one of the world; largest suppliers of estomotive serospace and agricultural implement parts. In fiscal 1908, our sele-reached a record high of 313 million dollars. We are small enough to recognize each individual for what he can do for the company but large enough to need the stelent; of creative individuals with varied back-risons, five subsidiaries, and a modern hearth and Development Center in Ama Arbor, Michigan.

If your background meets the position requirements and you are interested in exploring the apportunities of this newly-formed division, send resume with work experience and salary requirements or call:
