THE ELEGANT LEG makes an evening appearance in one of Fall's new soft, sheer pastel stockings. This one is fashioned in a brand new nylon for stretch hosiery called Enkasheer. Chuck Howard's soft, ruffled dress is beautifully designed in a water-color print of Enkature nylon. Enkasheer is the first nylon with stretch built right into it . . . so stockings stretch and recover, no matter how many times a woman bends her knee and moves her leg. By American Enka.

**3 DAY SPECIAL! \$6.40**
