SCORE HANDSOMELY in sweaters of easy-care, comfortable acrylic with horizontal stripe styling. Left: in cognac, cream or blue. A Man Never Has Too Many Sweaters — Especially These!

Increased leisure here and abroad makes sports fans of us all. Apparel today is meant to be worn outdoors for casual, fun and play by the sporty-set, football buffs, even skiers.

Sweaters for spectator and active sportswear are perennial favorites sought after by men everywhere — not only because they're comfortable but they meet the needs of today's active man who in addition to a fast-paced business life, is enjoying more leisure time for casual and sports than ever before.

In line with his needs, Acrilan acrylic knit sweaters are handsome examples of gar-

ments with style and functional features such as ease of care — they hold their shape washing after washing — and maintain their color clarity.

What's more, these knits are so lightweight and packable they travel well, go from climate to climate — and because they're Monsanto Wear-Dated, hold a one-year guarantee for wearability.

Therefore, the sweater still holds its important place in men's wear as a source of new, creative and interesting ideas for fresh-air sporting men who'll look handsome, healthy and comfortable in town or country.
