Dice of Destiny

By JACKSON GREGORY

ON THE MEXICAN BORDER

Action, always action, is the Action, always action, is the outstanding feature of this stirring romance by Jackson Gregory. "Dice of Destiny" is a tale of the Mexican border, about as the beautiful of the world. The actors in the story are interesting for themselves, aside from their thrilling story—a fine old Spaniard living on his ancestral estate this side of the border; his villainous kinsman, with his rascally accompiese; his entirely charming granddaughter; his efficient young American neighbor, and various Mexican bandits from dross the border. Love, danger, fighting, a just retribution and a happy ending—all the elements of a thrilling tale are here. And the tale is well told.

CHAPTER I.

An Error Rectified.
Pedro, the mestizo, having lighted the wax tapers in the master candle-sticks, having placed bottle and glasses upon the great mahogany table, to bacca and papers upon the small mahogany table, withdrew sliently, as was bits vay, swiftly, as was his training.

The servants withdrew with their master's thanks and loose sliver, and De la Guerra, returning to Dempton one copy of the paper which was intended after his death to dispose of the hacleada, a great range heavily stocked and an indefinite sum in gold and sliver, folded the other and placed it upon the shining table top.
"I shall read it tomorrow," he said lightly, "You know that I do not read after the candles are lighted, senor." Dempton, his errand done, was already upon his feet, his eyes roving for the hat which Pedro had taken from him a few minutes ago. "But," cried De la Guerra, "you are not going back tonight, senor? Surely you would not think of putting my hospitality so to shame! You must spend the night with us." Dempton's eye had found his hat and he speedily crossed the room to take the property of the said hastily. "But I must return to Le Parra; humedilité!"

"Thank you, Mr. de la Guerra," he said hastily. "But I must return to La Panza immediately." He managed a bow with a poor trial at the Spaniard's dignified grace, put out his hand quickly as though to have the farewells over and done with, and
