United Doctors Specialist

Brings the knowledge of their Organization and experience in their Successful Treatment of THOUSANDS OF CASES

Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines constipation, piles, liver; spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape-worm, leg ulcers and long standing, deep-seated diseases. Many years experience. The complete record of thousands of cases successfully-treated prove that their methods are right. They were among the first to earn the name.

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number of hospitals for these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you have had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians.

is the stove that these days of scarce and high priced coal calls for. It burns the gas, soot, smoke etc. into heat, leaving nothing but an ash as fine as powder, and a clean stove pipe and chimney flue. With it you can burn Soft Coal as cleanly as Hard. At our prices you can get one as low as ordinary stoves are sold elsewhere. The coal one saves will soon pay for it anyhow.

A TIP

Furniture Factory Salesmen and Furniture Dealers tell us that we are foolish to sell Furniture at the prices we are. They say we cannot replace it at near the price we paid, if we can get it at all, and also that we are selling too close to cost anyhow. If this is the way they feel about it here is certainly a good place for Furniture Buyers to come. The fact is that they are coming here from all over. Many Ford men have their wives meet them here after work to make their selections. Our no rent, warehouse, low expense method of selling Furniture is the reason for our below all competition prices.

"Tar of the pine and honey of the bees, bottled by FOLEY for everyone's ease."

Foley's Honey and Tar

YES, simple, old-fashioned, homely ingredients—the kind used by grandmothers in the old times before the day of telephones and doctors—always handy.

People get sick in those days—just the same as now. Coughs and colds worried the thoughtful and observing probably more than now, because they knew how quickly a cold could run into something more serious, a danger to be dreaded with a doctor miles away—and money scarce.

So the pungent, clean and wholesome tar of the pine and the honey, tasteful demulcent honey of the clover, were combined with curative plants found in forest and field to make a remedy for coughs and colds.

Old Home-Made Remedy Now Improved
The old home-made compound has been scientifically tested and improved upon by Foley & Co., and so for the first time, many people have had in Foley's Honey and Tar Compound a first-class cure and safe remedy for serious ailments. It is prepared in modern, sanitary laboratories from the freshest and finest ingredients that money can buy in the biggest and best markets of the world.

You Get It At Little Cost and No Trouble
It pays to keep Foley's Honey and Tar in the house, ready to take the instant needed. It cures promptly and from coughs, colds, spasmodic croup, tickling throat, hoarseness, whooping cough, in a grippe and bronchitis.

Thousands and thousands of mothers have written testimonials to Foley & Co., Ill., after following Mrs. Elizabeth Blanton, 107 S. Main St., No. Newark, Conn. "I have tried Foley's Honey and Tar Compound. Very fine."
