

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty until you fall a victim to incurable disease.

Stop your troubles while there's time. Don't wait until little pains come, big aches, backache with distress. To avoid future suffering begin treatment with GOLD MEDAL Hartman Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland and for centuries. In 1899 the government of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drug" as she quaintly calls GOLD MEDAL Hartman Oil Capsules. Their use restores strength and responsibility in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a treatment with GOLD MEDAL Hartman Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

UTRECHT'S PLACE IN HISTORY

Dutch Town, in Which Kaiser Mijndel, Saw Beginning of His Line's Rise to Power.

Reports say that the ex-kaiser has purchased a house near the historic town of Utrecht, Holland, and that he wishes to end his days there. It was in Utrecht, 200 years ago, that the house of Hohenzollern was first established in its title of King of Prussia. This peace puts an end to the long war of the Spanish succession, which many claim was begun over the fear that the ruling houses of France and Spain would become one, and upset the European balance of power.

The ex-kaiser is part English, and it was England, with her continental allies of lesser strength, that virtually established the Kingdom of Prussia. The same peace also made the duke of Savoy the king of Italy, but today the king of Italy rules over all of Italy except Savoy, which belongs to France. England has retained her position as the thing it secured at that peace conference, including Gibraltar and Minorca, secured from Spain; Nova Scotia, New Brunswick and the Hudson Bay territory from France, as well as various trading privileges in Africa and South America, from both France and Spain.

Old Cannon Ball Found in River.

A cannon ball of the type made for big cruises of the days before explosive shells was used in warfare was brought up from the bottom of the Mississippi river, below the high dam at St. Paul, recently and is to be turned over to the Minnesota Historical society.

When a United States engineering department dredge hauled up a dipper of rock the cannon ball was found in it. How it got into the river could not be learned, for guns of that type were never put to actual test at the fort and the ammunition always was carefully guarded.

Guns that used that type of ball are now used for decorative purposes only, some of them having been given to the Minnesota Soldiers' home and others placed on the grounds of the state capitol.

Keeping to the Truth.

"I engaged the rooms for my holiday," he said, "because the landlady wrote me that they overlooked a superb garden of 200 acres richly adorned with statuary, where I was at liberty to promenade."

"That's a cemetery," he said bitterly.—London Tit-Bits.
