Almost Discouraged

It is a mistake for those past the prime of life to yield to weakness and infirmities in the belief that these are the penalties of approaching old age. Read the following letter from a man past middle age:

"For about twelve years I was a sufferer from pains in the back and kidneys. I tried many remedies until I was almost discouraged. At last, through the advice of a friend, I tried Foley Kidney Pills. A few bottles completely relieved me and removed all the pain and for the first time in years I feel like a new man with abilities to live." W. W. Henry, Water Valley, Miss.

Remember that the kidneys must work all the time. They never rest. Is it any wonder that they become tired or get out of order, or are inactive and sluggish, when one reaches middle age?

Clean blood makes possible healthy and strong body, clear head, active brain, sound heart, good digestion and perfect health.
