

Our No-service-charge Checking Special is light on the lettuce.

~~\$175.00~~
minimum
balance

Whether you call it lettuce, cabbage, mazuma or just plain money, you'll find our No-charge Checking Special at National Bank of Southfield is very appetizing. Here's how it works.

Just keep a minimum balance of \$175 a month and you can write all the personal checks you please *without paying a cent in service charges or statement charges*. The same goes if you keep an average monthly balance of \$500 or more. No charges.

And what makes our Special extra-special is that you don't have to be anybody special to get it. If you already have a personal checking account with us and you maintain the necessary balance, you qualify auto-

matically. But if you don't check here, we can open an account in a few minutes... even transfer your present one for you.

If you've been checking around, you know what a big saving that little balance of ours can mean to you. Example: Writing only one check a day, and keeping a minimum balance, saves you \$52.80 a year in service charges.

And that is a lot of lettuce.
