

*And the tortoise
thought he won the race
ha!*

What the tortoise didn't know is that I finished shopping first by using The Observer & Eccentric Classified ads—all in the comfort of my hutch.

Have you browsed through the offers waiting for you in The Observer & Eccentric Classifieds lately? It's fun. It's almost like having a department store in your own home ... and you save time, effort and money, too.

So don't race all over town looking for something you want. Be smart. Like me. Put your feet up, relax and shop one of the busiest market places there is—the classified section of your hometown newspaper. Chances are you'll find just what you've been looking for.

That's all, folks ...
